

U. S. PREPARES FOR POSSIBLE BREAK

Officials Deem it Unwise to Discuss Details of Preparations

NOTE SURPRISES BERLIN?

Gerard Said to Have Gathered Impression Foreign Office Did Not Expect So Drastic a Note

WILL NOT PERMIT DISCUSSION

BULLETIN.

BERLIN, April 22.—via London, April 23.—James W. Gerard, the American ambassador called on Foreign Minister Von Jagow this evening and was closeted with him for almost an hour. Their discussion was of an informative nature. Imperial Chancellor Von Bethmann-Hollweg will return to Berlin tomorrow (Sunday) morning, but a reply to the American note need not be expected for several days, possibly not before Wednesday.

WASHINGTON, April 22.—The United States government has made tentative plans to cope with every conceivable situation which would result from the severance of diplomatic relations with Germany. For reasons they indicated were obvious officials tonight deemed it unwise to discuss the details.

There is reason for believing, however, that some of the plans have to do with the safety of American citizens in the German empire and that others have to do with American supervision of German interests in the countries at war with Germany.

Send Dispatches to Diplomats. Numerous dispatches on these subjects are understood to have been sent to diplomatic representatives abroad, particularly to Ambassador Gerard at Berlin. The dispatches are regarded as being highly confidential and for that reason information concerning them is unavailable here.

Among dispatches received from Ambassador Gerard within the past two days was one describing the manner in which the American note declaring the purpose of the United States to break relations unless Germany modified her submarine methods was received by German officials.

While this too, was held as confidential, it is understood the ambassador represented Berlin officials as being greatly surprised at the demands of the Washington government. Mr. Gerard is said to have gathered at least an impression that the foreign office had no idea that the communication would be as drastic and final as it was.

Feeling Not Optimistic.

The general feeling here tonight, apparently was not all optimistic regarding the outcome. In the absence of further informative advice from Ambassador Gerard, the day's press dispatches were read closely. Indications in them that there might be delays in requests for additional information were regarded by officials as significant. It is well understood, however, that the United States under no consideration will permit delay and discussion unless it is preceded by a declaration from Germany that she has so modified her submarine warfare as to bring it within the scope of international law. Dispatches of an important nature hourly are expected from Ambassador Gerard. It is expected that before Monday or certainly soon thereafter, the ambassador will be in a position to forecast with some degree of accuracy what will be the view of the German government. In the meantime the situation in Washington remains one of tense expectancy. Officials are confident that before this time next week the issue will have been settled; that the United States will feel certain the safety of innocent non-combatants on the high seas is assured or steps for a diplomatic break will have been taken. Among the foreign diplomats here the effect of a break between United States and Germany is a topic of wide interest. The consensus of opinion seems to be that diplomatic relations between the United States and the allies of Germany need not necessarily be affected.

Much Depends on Answer.

In regard to Austria, however, much is considered to depend upon the answer made by the Vienna government to the American inquiry regarding the attack upon the Russian bark Imperator, carrying two American citizens, one of whom was injured by shrapnel fire. Ambassador Penfield was directed to make the inquiry early this week. No reply has been received today and he may soon be instructed to renew the inquiry.

It is considered quite probable

UNDERTAKE DEVELOPMENT OF MILITARY TRANSPORTATION

Representatives of Railroads and Automobile Industries Act in Co-operation With War College.

New York, April 22.—Development of a system of military transportation as one step toward national preparedness has been undertaken by representatives of railroads and automobile industries with the co-operation of the war college it was announced here today on behalf of the society of automobile engineers. A conference was held at the war college in Washington last Monday, the society's statement disclosed and suggestions, declared to be favorably regarded, were made that motor truck corps be placed under the jurisdiction of the quartermaster's department, when the final plans have been made and the railroad transportation phase, guided by the engineer corps of the army.

It was stated that the board of directors of the National Automobile chamber of commerce had authorized its executives to meet the military authorities at every point, and that the American Automobile association and the American Railway association committee would also lend co-operation.

"The automobile industry," reads the statement issued today, "will appoint representatives to work on a national plan to be developed in detail."

"There is good assurance that an adequate military transportation system will be established and maintained in this country inasmuch as the government officials and the civilian authorities are working sincerely with due strenuousness and effectiveness to this end."

FORD AGAIN TAKES LEAD FROM SENATOR CUMMINS IN NEBRASKA

OMAHA, Neb., April 22.—Henry Ford of Detroit has again taken the lead from Senator A. B. Cummins of Iowa in the race for the Republican presidential nomination at the Nebraska primaries according to complete returns from fifty of the ninety-one counties in the state. Late returns give Ford a lead of less than one hundred. President Wilson was unopposed for the Democratic nomination.

Among positive results indicated by the returns from fifty counties are: Kiefer Neville has beaten C. W. Bryan for the Democratic nomination for governor and William Jennings Bryan has been beaten for delegate at large to the Democratic national convention.

GIVE NOTABLE RECOGNITION TO AMERICAN TRANSPORT SECTION

PARIS, April 22.—The chief officers at the fighting front have given notable recognition to the American sanitary transport section, known as the Harjes formation, by the issuance of a formal citation in army orders reading:

"This organization assured, during the period of eleven days' fighting from the 8th to the 19th of March, with absolute disregard of danger, the transportation of wounded in a zone particularly swept by enemy artillery. Moreover all its personnel exhibited proof of remarkable devotion and endurance in maintaining throughout nineteen hours daily a maximum service from this unit."

TWENTY-FOUR THOUSAND ORDERED OUT OF MINES

PITTSBURGH, Pa., April 22.—Twenty-four thousand miners employed in the Pittsburgh district were ordered out of the mines late today by President Van Dine and the executive board of district Number 5, United Mine Workers of America, because their pay envelopes did not contain the five percent increase provided for in the New York agreement for yardage, day work and dead work. Representatives of the Pittsburgh coal operators association and the miners have been in conference for several days working out a scale on the basis reached in New York. A number of concerns expressed their willingness to grant the increase, but the miners, when they failed to receive the advance in their pay, called a strike.

Representative of operators and men expressed the belief tonight that the difference would be adjusted next week.

NOTIFY GERMANS TO LEAVE.

Paris, April 22.—As a result of the entrance of Portugal into the war, Germans in that country have been notified to depart within five days a Lisbon despatch to the Temps says. This order applies to all Germans except men of military age and fitness, who are to be interned on Terceira Island one of the Azores, where a state of siege has been declared. All commercial transactions with Germans, the Temps says are abrogated. The property of German subjects is being sequestered and all further recognition of German ownership in industries is suspended.

NO APPRECIABLE CHANGE.

Helena, Mont., April 22.—Returns received today from yesterday's presidential preferential primary showed no appreciable change in the standing of the presidential candidates. United States Senator A. B. Cummins of Iowa was leading Colonel Theodore Roosevelt whose name was written on the ballots by voters by a slightly decreased margin.

THROW HEAVY FORCES INTO VERDUN FIGHTING

STRUGGLE SEEMS MOST INTENSE IN DEAD MAN HILL REGION

British Regain Some of Ground Recently Lost North of Ypres—Russian Troops Which Landed at Marseilles Are On Their Way to The Front

Hard fighting has been in progress in the Verdun region and heavy forces have been thrown into the battle by both sides, but the changes of ground have not been notably great.

The struggle seems to have been most intense in the region of Dead Man Hill, northwest of the fortress, where French and Germans have taken turns in launching the offensive.

Neither side claims any gains as a result.

Paris admits that the Germans secured a foothold in some of the new French trenches, but declares the ground previously won was afterward all regained.

Berlin concedes a French gain in the Caurettes wood just to the west of the Meuse where trenches have frequently changed hands.

British Regain Part of Ground

Toward the northern end of the western battle line, the British have succeeded in regaining a part of the ground recently lost to the north of Ypres, their attack resulting in the capture of about 200 yards of the 600 captured by the Germans on April 19th.

The Russian troops which landed at Marseilles on Thursday are already on their way north, presumably to the fighting front passing thru the city of Lyons on Saturday. They were given an enthusiastic greeting all along the route.

The British campaign against German east Africa is being actively waged and General Smuts in command has reported the occupation of Umbogwe and Calanga, which places columns of the expeditionary forces, some 100 miles, inside the border of the German colony.

Turks Claim Defeat of British

The Turkish account of the battle of April 17th, on the Tigris declares the British were defeated with the loss of more than 4,000 men in killed and wounded. The Turks recaptured the positions the British had previously taken and with them thirteen machine guns and a few prisoners. A subsequent attack on April 18th was repulsed.

Constantinople reports a 200 mile flight over the desert by a Turkish aeroplane which successfully bombed a British camp at El Kantara, on the Suez canal and returned safely.

The American note to Germany has been sent to army headquarters where it is in the hands of Emperor William, Chancellor Von Bethmann-Hollweg and General Von Falkenhayn, chief of the general staff. The note was printed in the Berlin afternoon papers of Saturday.

PROSECUTING ATTORNEY BEGINS ARGUMENT IN LORIMER TRIAL

CHICAGO, April 22.—Assistant State's Attorney Holly began his argument to the jury today in the trial of William Lorimer on charges arising from the failure of the La Salle Street Trust & Savings Bank. The taking of testimony closed shortly after the trial was resumed this morning.

He will be followed by Albert Fink, counsel for the defense and assistant State's Attorney Bell will close. It is expected that the case which began Feb. 17th, will go to the jury next week.

PITTE FILES CONTEST.

Chicago, April 22.—Hugh L. Pitte, defeated Democratic candidate for delegate to the national convention from the fifth congressional district, filed a contest today in the circuit court against Thomas Kraus and James Rosenthal, who had been declared elected. In his petition Pitte says he believes a recount will disclose that more than 800 votes for him at the primary were not counted.

SENATE APPROVES HOUSE BILL.

Washington, April 22.—Late today the senate approved the house bill repealing the free sugar section of the tariff law under which sugar would have gone on the free list May 1st. By a vote of 59 to 10 the senate receded from an amendment which it had passed extending the existing duty of one cent a pound for four years, and which the house refused to agree to in conference.

MAKE OFFICIAL FIGURES PUBLIC.

Lansing, Mich., April 22.—Henry Ford of Detroit was the choice of 6,186 more Michigan voters for the Republican preferential nomination for president than was United States Senator William A. Smith of Grand Rapids at the recent state wide primary. Official primary figures showing Ford received 83,058 votes, were made public here tonight by the state canvassing board.

TEARNEY CALLS MEETING.

Chicago, April 22.—President Tearney of the Three Eye League today issued a call to all the club owners of the league to meet in Chicago tomorrow at 2 p. m. to settle the schedule dispute.

SIXTEEN ARE MISSING IN GRANITE CITY FIRE

GRANITE CITY, Ill., April 22.—Sixteen persons are missing and four are injured, one critically, as the result of a fire which destroyed a four story rooming house here late tonight. More than 200 persons, mostly foreigners, were in the building at the time the fire started.

Nearly all the occupants were in bed when the alarm sounded. Those in the upper stories found escape by stairways cut off by flames which spread rapidly. The four injured jumped from second story windows. Many others made the leap safely. Firemen rescued at least fifty persons, it was estimated and several sheets knotted together furnished a means of escape to several who were trapped on the third floor.

Police and firemen late tonight were searching the ruins for bodies. At 2 o'clock this (Sunday) morning no bodies had been recovered. The police reported they believed there had been no deaths.

PLANES USED IN MEXICO DESTROYED AS JUNK

COLUMBUS, N. M., April 22.—Six of the eight aeroplanes which have been used by the American expeditionary fliers in Mexico have been destroyed as worthless junk. It was learned here tonight. Two of the planes flown here early in the week are now undergoing repairs. With the halt in field operations it was determined that none of the planes remaining in Mexico could be flown and all were burned.

Captain B. D. Foullos, commanding the first aero squadron and entire command are now on their way here from the field in motor cars to supervise, equip and prepare planes for service in the high altitudes of Mexico.

RAIDERS SHOOT SHEEP.

Grand Junction, Colo., April 22.—Three hundred thoroughbred sheep were shot by raiders last night near the Mesa-Delta county line, according to reports reaching here today. The sheep belonged to R. E. Baker, who is said to have had frequent clashes with cattle men over the use of the range. Information received here stated that Baker had threatened to arm herders to repel future attacks.

PROMISES FAIR EASTER.

Washington, April 22.—A fair Easter Sunday for most of the country was promised tonight by the weather bureau. Only for New England and interior New York were showers forecast the overcast skies were predicted for the great lakes region, the Upper Ohio Valley and the middle Atlantic states.

SIX PRISONERS ESCAPE FROM KANKAKEE JAIL

FIVE SUCCEED IN ELUDING A LARGE POSSE

Effect Delivery by Digging Thru the Layers of a Brick Wall with a Steel Slat from a Bunk—Prisoners Include Gus Penman.

Kankakee, Ill., April 22.—Six prisoners charged with felonies participated in a daring jail delivery here tonight at 6:45 o'clock and five of them succeeded in eluding a large posse which started shortly afterward in pursuit, headed by Sheriff Bothfur. Alfred Hunter, a negro, awaiting trial on a charge of attempted murder, was captured shortly before 10 o'clock.

The prisoners who included Gus Penman, Jesse Brown, Joseph Burns, Frank Miller, Charles Johnson and Hunter effected their escape by digging thru three layers of a brick wall with a steel bed slat from one of the bunks in the cells. The sheriff was at dinner at the time and knew nothing of the escape until notified by a woman "trusty" who heard the noise of the prisoners getting out and saw the men crawling thru the aperture in the prison wall. The jailer was occupied in another section of the prison at the time and also knew nothing of what was going on until too late to prevent the escape.

Penman, who is supposed to have led the prisoners, was convicted in Champaign county of murdering his chum, Harold Shaw. He was sentenced to life imprisonment, but was granted a new trial by the supreme court.

Taking a change of venue he was brought to this city for a second trial, which was to have begun on May 28th. Both Penman and his victim are said to be members of wealthy families in Champaign county.

At a late hour tonight nothing had been learned of five prisoners who are at liberty.

PRESIDENT WILSON JOINS IN A PATRIOTIC DEMONSTRATION

WASHINGTON, April 22.—President Wilson joined in a patriotic demonstration on the submarine issue during a vaudeville program at a theater here tonight. Soon after the president entered his box, moving pictures showing him going to the capitol to deliver his submarine message to congress were thrown on the screen. The entire audience stood and cheered while the orchestra played the Star Spangled Banner. The president bowed to his acknowledgment. Later he joined in applauding pictures showing the American troops in Mexico.

ROBBER OF UNION PACIFIC PASSENGER IS CAPTURED

RAWLINS, Wyo., April 22.—William L. Carlisle, professional train robber is in jail here tonight. Carlisle was captured late today in a desert country 20 miles north of Walcott, by a posse led by William Haynes, city marshal of Walcott, Wyo.

He surrendered without a fight. The bandit who declared he liked "the sport of holding up trains" and that he wanted to get the best of the police had the railroads, boasted that he robbed the Union Pacific overland limited, near Rock Springs, Wyo., Feb. 9th, and another train of the same road near Carlett Junction April 4th, in addition to the robbery of Union Pacific limited Number 21 near Hanna, Wyo., last night.

CLOSE WESTINGHOUSE PLANT

Pittsburgh, April 22.—The great plant of the Westinghouse Electric and Manufacturing company, in East Pittsburgh closed completely late today when the few thousand men who had forced their way by the strike pickets early today returned to their homes. Even the shops where war munitions were being manufactured were closed. A drizzling rain drove thousands of strikers off the streets and the village police force of a chief and nine men had little to do, while deputy sheriffs stood at factory entrance but were not disturbed.

TO HAVE GROUND SEARCHED.

Westerly, R. I., April 22.—The report that a body of a sixth victim of the New York, New Haven and Hartford train collision at Bradford last Monday night had been buried secretly near the scene of the wreck, led medical examiner M. H. Scanlon to announce tonight that he would have all the ground in the vicinity of the wreck searched immediately. Five bodies were found in the wreckage on the night of the collision and were identified.

OSCAR W. NEEBE DIES.

Chicago, April 22.—Oscar W. Neebe, 65 years of age, one of the eight men sentenced to death or imprisonment following the Hay Market riot, died today at his home here. He was sentenced to fifteen years in the penitentiary, but was pardoned in 1893 by Governor Altgeld. On the original verdict Neebe was the only one of the defendants on whom the death penalty was not imposed.

CROSSING OF MORE TROOPS AROUSES MEXICAN OFFICERS

Commandant at Juarez Is Frank in His Expression of Concern—American Army Officer Offers a Possible Explanation.

El Paso, Texas, April 22.—The crossing of additional American troops into Mexico from Columbus today caused a feeling approaching dismay among Mexican officials in Juarez, who were previously convinced that General Pershing's expedition was on the point of withdrawal.

General Gavira, the Juarez commander, was frank in his expression of concern. "I do not understand why additional troops are being sent in; I understood that the American government was considering the withdrawal of its forces and this move puzzles me. I confess it causes me some anxiety as I fear it will have an unfavorable effect on the Mexican people who will not be able to understand it any better than I."

American army officers here while refusing to express definite opinion on the troop movement, point out that it did not necessarily mean that the idea of recalling the Pershing expedition had been abandoned. One officer offered this as a possible explanation:

"We all realize that if the American troops begin to withdraw it may excite the various bands of Villistas who are still roaming about northern Mexico and who will conclude that the Americans are leaving because they have been defeated. This may easily incite them to attacks on our line of communications which is very poorly protected. The additional troops sent into Mexico may be merely intended as a guard for our communication in the event of withdrawal."

RAISE POSSIBILITY OF FEDERAL PROBE OF CHICAGO MILK PRICES

CHICAGO, April 22.—The possibility of federal investigation to ascertain whether or not there has been an attempt to fix the prices of milk by the Chicago dealers was raised today when it was reported that complaint had been made to the district attorney's office. Charles F. Kline, United States district attorney, declined to discuss the report.

At the office of the district attorney it was said that any complaint that the anti-trust law or interstate commerce regulation had been violated would be carefully investigated. The shipment of milk from points outside the state during the recent milk strike was frequently commented on by the Milk Producers association.

QUARANTINE MAY INTERFERE WITH M'ADOO'S CANAL VISIT

PANAMA, April 22.—The stringent quarantine regulations now being enforced on the isthmus may interfere with the visit of Secretary of the Treasury William G. McAdoo and his party to the Panama Canal zone, according to Major General Goethals, governor of the zone. Major General Goethals has cabled Secretary McAdoo, that, in case the secretary and his party visited a port on the west coast within seven days prior to their arrival at Balboa, it will be impossible to make an exception in favor of the official party.

D. A. R. CONGRESS ADJOURNS

Washington, April 22.—The twenty fifth continental congress of the Daughters of the American Revolution came to an end tonight after adopting constitutional amendments that caused vigorous discussion and delayed adjournment until late last night.

Officers of the society henceforth will be elected for three instead of two years as a result of an amendment adopted and will not be eligible for re-election.

THREE ROB CASHIER.

Chicago, April 22.—Frank H. Sweet, cashier of the Van Pelt branch United Last company, was knocked down today by three men and robbed of \$275. Mr. Sweet was on the way from the bank to the factory with the company payroll when attacked. The robbers in their haste overlooked \$1,475. Company employees saw the robbery and gave chase but the trio escaped.

MAY DECIDE MEXICAN QUESTION TUESDAY

Scott May Return in Time for Regular Cabinet Meeting

BAKER REMAINS SILENT

Declines to Discuss Probable Meaning of Scott's Decision to Hasten Back

LIKELY TO WITHDRAW TROOPS

WASHINGTON, April 22.—A decision as to whether American troops should be withdrawn from Mexico may be reached by President Wilson and his cabinet Tuesday. This was indicated tonight when it was reported from San Antonio that Major General Scott, sent by Secretary Baker to investigate the problems confronted by General Funston and his men, might be back in Washington in time to report for the regular meeting of the cabinet on that day.

Declines To Discuss Meaning

Secretary Baker declined to discuss the probable meaning of General Scott's decision to hasten back to the capital without extending his quest for information beyond conferences with General Funston and his officers at departmental headquarters. Officials have consistently refused to say anything whatever about the problems under consideration since the request for the withdrawal of the troops came from General Carranza. It is known however, from border advices that General Funston feels that he cannot go farther with the pursuit of Villa than he already has gone unless he is heavily reinforced and his hands freed to some extent at least in dealing with problems of supply and information beyond the border.

General Scott's decision to return at once generally was taken to mean that he had reached the same conclusion and would so report to Secretary Baker. In this connection it is recalled that President Wilson specifically rejected plans for a more extensive movement in pursuit of Villa mapped out by the general staff immediately after the Columbus raid. The scope of those plans never has been revealed, but it generally is understood that they contemplated a virtual military occupation of all that part of Northern Mexico in which the bandits might seek refuge. A big army would have been required, and the whole territory would have been swept thoroughly so that no Villa follower could escape.

Has Not Changed Viewpoint

The administration felt, it had been reported that any such movement as this was certain to lead to war with Mexico. The development of opposition to the smaller punitive expedition is held by administration officials to have borne out this view. This opposition they point out, has developed despite a formal announcement by the president himself that the sole object was the capture of Villa and that the sovereignty of Mexico would not be imperiled. There is no reason to believe that the administration has changed its viewpoint. If General Scott recommends that the expedition either be freed of the restraints imposed by its friendly nature and largely reinforced or withdrawn entirely there seems little doubt that the latter course will be followed.

Military officials on the border apparently take the same view of the probability of the situation. They already have estimated according to press dispatches that General Pershing's men could be brought out in ten days without being exposed to serious danger of attack en route.

Practically Concludes Mission

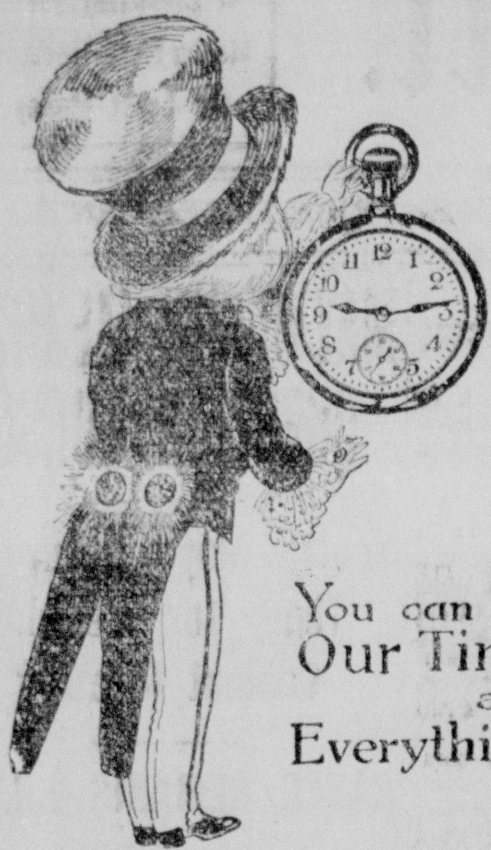

San Antonio, Tex., April 22.—Major General Hugh L. Scott had practically concluded late today the mission on which he was sent here by the secretary of war and at General Funston's headquarters it was said he probably would leave tomorrow for Washington. He will make a personal report to Secretary Baker and on this report it is believed by headquarters officers the administration will base its decision as to whether the American troops are to remain in Mexico or to come out.

Since his arrival here last night General Scott has been with General Funston almost constantly. Together they have read such reports as came from the base at Columbus, from officers along the line of communication and from General Pershing. None of these indicated fresh activity by the American forces but preparation for attack was indicated and General Scott gained at first hand an idea of the defensive attitude the punitive expedition has assumed.

All day long General Scott went over the records of the expedition and the details of incidents both north and south of the boundary line.

General Funston and his staff placed before the chief of staff ev-

For Governor

ANDREW RUSSEL.

Commenting on the Mexican situation the St. Louis Globe Democrat says that the schools in Mexico have been closed for five years, but nevertheless the young idea has been taught how to shoot pretty well.

Those who think labor unionists are never anything but selfish in matters of wages may be respectfully referred to the action of the locomotive engineers of the Union Pacific railroad system. Says an Omaha dispatch:

"Union Pacific engineers have notified officials of their withdrawal from wage demand movement. They gave no reasons, but it is generally understood that engineers were satisfied with scale of wages granted some time ago, and with liberal pension system."

Autoists Have Complaint.

Complaint is made now of automobile trespassers. It has come to be a habit with a number of loafers about the square to climb into automobiles which may be parked near the side walk. They find the cushioned seats comfortable and stretch their feet out over the doors in some instances. Saturday a well known citizen had his car on State street near the square and it was occupied for a considerable time by men who left the door open after they climbed out. The practice has grown to such an extent that it is a nuisance to car owners and the city authorities are to be called on to abate the nuisance.

The Diaz Revolution.

Things are at a stand still in Mexico so far as reports are concerned from that war-ridden country. This government evidently intends to take no further steps until a report is made by Gen. Scott, but it is a safe prediction that Felix Diaz, nephew of the former president, is not inactive for there come continued rumors of the revolution that he is planning in an attack against the Carranza government. If Diaz has one half the strength of character and forcefulness of his late uncle, his revolution will amount to something, and when the history of the Mexican trouble is written the movement he is now fostering will have an important place.

EASTERTIDE

Old winter has passed and spring-time is here;
Green is the carpet beneath our feet;
The earth gives promise of prosperous year,
While lilacs are wafting their fragrance sweet.

Now the fuller breath and the freer life;
The sense of joy that the spring awakes;
The love and peace transcending strife,
While on our vision light of Easter breaks.

Fair goddess Ostart her festival keeps,
And every altar sweet flowers adorn;
For down the ages Love's idea sweeps,
And bringeth to all resurrection morn.

Tariff the Issue.

Evidence continues to multiply that the tariff will be the real issue in the approaching campaign. It is not doubted, of course, that preparedness and foreign relations will figure extensively, but both parties are agreed—or pretend to be—on the subject of preparedness, and while it is perfectly possible to demonstrate that the Democrats are not sincere in their pretensions, the Republicans never have, and probably never will, make a campaign on an even partially negative issue. They must have a constructive policy to fight for, and on the subject of the tariff and direct taxation there is a radical and admitted difference between the two parties. With regard to foreign relations, the blundering record of this Administration speaks for itself, especially with reference to Mexico. The Republican leaders are convinced, however, that intelligent voters have not forgotten the disastrous effects of the Underwood tariff before the European war temporarily checked its operation.

Andrew Russel--Candidate for Governorship

"I have determined to be a candidate for the governorship," said Andrew Russel last night, "although my formal announcement will not be made until a little later. In good time I will make this announcement, together with some statement of facts about the kind of campaign I will make."

Mr. Russel returned to Jacksonville last night from Chicago where he went following the state convention in Peoria. The definite statement that he will seek nomination will be carried in Chicago papers today and will set at rest the various rumors about his candidacy. In fact, the informal announcement yesterday was made for that very purpose. For some months the Russel candidacy has been talked about but at no time previous to yesterday has Mr. Russel authorized any announcement as to his exact intentions.

The splendid showing made by Mr. Russel two years ago when he was elected state treasurer, following so soon after a Democratic victory in the state, gave evidence not only of his popularity throughout the state, but also attested his ability as a campaigner. The record in that election attracted the attention of all politicians and immediately there came comments that he was the logical candidate for the governorship in 1916.

These rumors and stories have increased as time slipped along, and it became almost a certainty that Mr. Russel would seek the nomination. The duties of his office as state treasurer are such that he could not take the time for a long campaign and he has refrained from any early announcement especially on that account.

Those who know Mr. Russel and his methods know that he has not entered this contest in any half-hearted sort of way. Every campaign in which he has had part has been marked by vigorous action. He is thoro in his methods and while he has made public no plan of campaign, his friends are perfectly aware that this campaign will be of the aggressive type which will appeal

and that they appreciate the peril to American prosperity should the war end without the Underwood bill having been revised.

Pension Law Change.

A congressman from Michigan, Mr. James, having discovered that according to the present pension law, it is possible for a man to enlist, desert, be apprehended, court martialled, found guilty, sentenced, serve sentence, receive a dishonorable discharge, and yet be eligible to receive a pension, proving that alleged disabilities are shown to have been incurred in service and in line of duty—this congressman has introduced the following:

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that from and after the passage of this act no officer or enlisted man who once deserted from an enlistment in the United States army, navy or marine corps and who was apprehended and by court martial decision was dishonorably discharged from said service, shall be entitled to receive a pension under any law."

Everybody delighted at the Princess.

A HUMANE SOCIETY FOR JACKSONVILLE.

Miss Florence Ward has returned from a visit in Battle Creek with her brother, Lathrop Ward, and on the way home stopped in Chicago to consult with George A. H. Scott regarding the organization of a humane society in Jacksonville. Mr. Scott is a prominent attorney and an enthusiast on the subject of humane treatment of animals and is secretary of the Illinois Humane society. He gave Miss Ward many useful suggestions regarding the organization of such a society for Jacksonville and assured her of his assistance in the work.

As Miss Ward was registering at the hotel she accidentally disclosed the point of her policeman's star and it was evidently noticed by the clerk, for a few moments after she had gone to her room she received a request to come to the office. There she was met by five reporters from Chicago newspapers, who had the idea that she was a woman detective and had come to Chicago in the hope of unraveling a mystery of some sort.

Best service; best luxuries; Princess.

"PAINLESS CHILDBIRTH"

"Nitrous Oxide and Painless Childbirth" was the subject of a paper by Dr. G. H. Stacy, presented at the regular meeting of the Medical club Saturday night at the residence of Dr. Charles E. Cole on West College avenue. There was good attendance and the reading of the paper was followed by animated discussion. The discussion was lead by Dr. Walter L. Frank.

POULTRY ASSOCIATION MEETING

The Morgan County Poultry association will meet Tuesday evening at 7:30 o'clock, in room 5 of the Gallaher Block. Important business. J. C. Weber, Secretary.

to the individual voters in the 102 counties of the state. Mr. Russel's Republicanism is of the unvarying kind. He has been an active party worker for a long period, and his zeal is just the same in a ward contest as when larger interests are at stake. There is an urgent and well grounded demand for a downstate candidate and the party leaders understand that for the good of the party a candidate outside of Chicago should be chosen for this year's contest.

Mr. Russel's previous campaigns have taken him into every district and county in the state and his wide acquaintanceship will be of distinct advantage to him in the coming months. A man of established reputation, with the broad experience which certainly comes from long active association with the banking business, no candidate better fitted could be chosen. During recent years Mr. Russel's work has brought him into close contact with state affairs and he is familiar with the great business of Illinois and has a thoro understanding of what the state needs. If nominated and elected by his party this fall, he would enter upon the duties of the governorship, not a man non-conversant with public affairs but having already a knowledge of conditions, which would be of the greatest value to him and to the public.

So Mr. Russel fills the need for a party candidate as a Republican, as a man with a knowledge of the state's business, and with these two qualifications comes the third essential—the most important of them all—stability of character. After all, the greatest requirement for a governor of the state is character and Mr. Russel has the strength of will, the ideals of duty, the appreciation of responsibility which make up the sum total of a strong man's character. That's the phrase that sums it all up—a strong man. And the coming days will show that in this greatest political contest in which he has ever entered, Mr. Russel will measure up fully to the meaning of the words.

MRS. J. M. McHENRY DIES AT HOME THIS MORNING

Death Occurs at 12:30 O'clock Following Illness of Five Weeks With Pneumonia—Funeral Monday Forenoon.

Mrs. Mary Susannah McHenry, wife of J. M. McHenry, passed away this morning at 12:30 o'clock after an illness of five weeks with pneumonia.

Mrs. McHenry is survived by her husband, her father, Henry Minter, a son, John McHenry, and two daughters, Mrs. Mattie Brown of this city and Mrs. Lena Hart of Alton. Three brothers survive: M. H. Minter, G. P. Minter and Charles Minter, all of Ashland. A sister, Mrs. Rebecca Gilpin, resides in Prentice. Mrs. McHenry was born Aug. 28, 1865 in the state of Maryland and was married to Mr. McHenry in Prentice, Jan. 9, 1887.

The funeral will be held Monday forenoon at 9:30 o'clock at the residence on Hackett avenue and interment will be made in Yatesville cemetery.

SLAYER TO DIE AT SING SING MONDAY

New York, April 22.—Joseph C. Hanel, who was found guilty of the murder of Mrs. Julia Heiner, a wealthy widow in Brooklyn, will be electrocuted in Sing Sing prison Monday morning. Hanel killed Mrs. Heiner on April 23, 1915, by striking her over the head with a bottle. He fled and the police did not get trace of him until February of this year, when he was arrested in Baltimore. Finger prints on the bottle entered into the identification of the murderer. When brought face to face with this evidence, Hanel confessed. He was tried in March and found guilty of first degree murder. Hanel was employed by the wealthy widow as a butler.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel Jacksonville, Illinois, Wednesday, April 26th, 1916 one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you a dull, dragging pain of the back, back or limbs? Have you Rheumatism? Have you Piles? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or limbs? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.

Come early as possible as always crowded. A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

MRS. JOSEPHINE DE FREITAS HAD PASSED NINETH YEAR OF AGE

Long Time Resident of the City Died
at Early Hour Saturday—Miss
Nancy Needham Dropped Dead in
Shopping District.

Mrs. Josephine Marks DeFreitas,
one of the oldest residents of the
city, died at the home of her nephew,
Henry Marks, 817 South Fayette
street, Saturday morning at 4:45
o'clock, aged 90 years, 6 months
and 11 days. Mrs. DeFreitas had
suffered an attack of la grippe about
four weeks ago but her death was
principally due to diseases incident
to old age.

Deceased was a native of Ma-
deria, having been born in that coun-
try Oct. 11, 1825. She was the
daughter of Mendonsa Fortado. She
was united in marriage in Trinidad,
Maderia, to Joseph Marks and came
to this country in 1852. Her son,
Henry Marks, was a deputy sheriff
in Sangamon county, later a member
of the detective force in Springfield.
After her first husband's death she
was united in marriage to Justino
DeFreitas who died in 1882. She
was also preceded in death by two
sons, Joseph Marks and Henry Marks.
She is survived by one daughter,
Mrs. May P. Fernandes of Spring-
field and two grand children, Mrs.
Josie Bowring and Richard Marks
of Salt Lake City.

Mrs. DeFreitas was for many
years a member of the Presbyterian
church. She was consistent in her
religious duties and was always a
regular attendant as long as her
health would permit. She was at-
tached with the First Presbyterian
church in this city. On removing to
Springfield she became a member of
the Fourth Presbyterian church of
that city. In 1911 Mrs. DeFreitas
who had been residing in Pueblo,
Colorado, for some time returned to
this city and took up her residence
with her nephew, Henry Marks,
where she remained until death came.

Funeral services will be held from
Northminster church Monday after-
noon at 2:30 o'clock in charge of
the Rev. Walter E. Spoonits, with in-
terment in Jacksonville cemetery.

Needham.

Miss Nancy Needham of Virginia
died suddenly of heart disease in the
west side drug store of Coover &
Shreve Saturday afternoon at 1:50
o'clock. Miss Needham, in com-
pany with her brother-in-law, John
Miles of Virginia, entered the store.
She complained of being short of
breath and started to the rear of
the store to rest on seats that are
provided for customers. When about
half way to the rear she dropped to
the floor. She was given attention
and Dr. A. J. Day was summoned.
He arrived before Miss Needham
died, but was unable to give her any
relief. The body was removed to the
undertaking parlors of W. W. Gil-
ham and prepared for burial and
will be taken to Virginia for inter-
ment.

Deceased had been living in Jack-
sonville for the past eighteen months.
She came to take treatment from
Dr. J. A. Day for heart trouble. She
had rooms at the home of William
Kinner at the corner of West Col-
lege avenue and South West street.
Saturday afternoon Mr. Miles who
had come over from Virginia to
transact some business called Miss
Needham on the telephone and ar-
ranged to meet her at the drug store
of Coover & Shreve on the west side
of the square. He went to the of-
fice of Dr. Day and Miss Needham
was there. They walked to the
store together and just after enter-
ing Miss Needham fell to the floor
and soon passed away.

Miss Needham was the daughter of
James and Celia Needham and was
born near Virginia, Cass county. She
was about 33 years of age. She
spent practically all her life in that
city. She received her education in
the public schools of Virginia and
later attended school at Valparaiso,
Ind., and Chicago. For a number of
years she was an instructor in Ep-
worth, Iowa.

The following brothers and sisters
survive: Mrs. Celia Miles, Virginia;
Elijah Needham, Virginia; Mrs. Ag-
nes Hill, Abilene, Kans.; Mrs. Mary
Milner and John and George Need-
ham, of Virginia. Elijah Needham
was for a number of years postmaster
of Virginia.

CLEANLINESS THE BACK-

BORE OF THRIFT
In my work I have found that
poverty and want go hand in hand
with dirt and squalor. Seldom have
I found, upon investigating a case
of need, that conditions of cleanli-
ness were what they should be.

Not only does such effort as
"Clean Up and Paint Up" activity
on the part of every citizen tend to
increase civic pride and awaken the
interest of every taxpayer in city
affairs, but it will also do much to
relieve this department. Cleanliness
is the backbone of thrift and indus-
try. Men once awakened to their
duty to keep their share of the city
clean will also feel their responsibil-
ity toward their family. There is no
one movement at this season of the
year which would have greater in-
fluence for good than "Clean Up and
Paint Up"—Josephine H. Lawrence.

TIME HAS ELAPSED FOR LIGHT COMPANY TO ACCEPT RATE

No Notice Filed with Utility Com-
mission Within Thirty Day Period
—Means Appeal Will be Taken to
Courts.

Saturday was the thirtieth day
since the state utility commission
entered an order fixing new rates for
gas and electricity in Jacksonville.
The Jacksonville Railway & Light
company was allowed thirty days in
which notice of acceptance might be
filed. No such notice was filed yester-
day, the final day of the period,
and it is therefore presumed that
it is not the intention of the com-
pany to accept the rate and that lit-
igation will follow. If this proves
to be the case, the commission will
proceed to issue a formal order fix-
ing the rates announced March 23,
and the company will then go into
the Sangamon county circuit court
and ask for an injunction or an
estoppel order.

Judging by other cases of like
kind, the desired order will be asked
for and the company will be required
to give a bond of sufficient size
to protect the consumers while the
suits are pending, then when a final
decision is rendered in the courts if
the rates fixed by the commission
are upheld, the company will be re-
quired to refund to all consumers
the difference between the sums paid
for gas or electricity and the charges
which would have been made on the
basis of the rates ordered by the
commission.

BOARD CANDIDATES ARE SUGGESTED.

In talking of the coming election
for a president and nine trustees of
the public schools, the question of
getting away from our present fac-
tional troubles has led to the sug-
gestion of a number of "harmony"
tickets, composed largely of citizens
who would not only make efficient
trustees but would put the welfare
of the children above factional strife.
These citizens are not suggestions:

H. H. Bancroft, president.
4th ward—Dr. Milligan, physician.
4th ward—T. M. Tomlinson,
merchant.

MILITARY TRAINING FOR BOYS

At Culver, Indiana, is a military
academy which has a high standing
and it is full. Last year the man-
agement decided to have an experi-
mental camp in which boys would
have everything possible pertaining
to military life, camping, all sorts
of drilling, cooking, marching, fort
building and in fact, as far as pos-
sible everything except actual fight-
ing that pertains to a soldier's life.

The experiment was a great suc-
cess, so much so that the manage-
ment decided this year to enlarge the
facilities and admit boys from the
high schools of contiguous states.
The expenses for two weeks in camp
will be \$17.75 which includes \$6.50
for a uniform. A place may send
twelve boys, four of whom will be
admitted free and the other eight
at \$17.75, as stated. The facilities
of the academy are superior and a
liberal minded person would do well
to aid some boys in going. Address
Col. L. R. Gignilliat, Culver, Indiana.

IN THE FORD FACTORY

T. J. Kendrick, who is in the city
on account of the illness of his son,
has been employed by the Ford Au-
tomobile company at Detroit for the
past five months. Mr. Kendrick said
yesterday that the plant is operating
twenty four hours a day with three
shifts of 9,000 men each. The big-
gest day's output the factory ever
had was Feb. 29, when 2,264 cars
were completed in the twenty-four
hours.

Mr. Thomas Megan and son and
Mrs. O. E. Doyle were up to the
city from Bluffs yesterday.

TALKS WILL BE MADE TO SCHOOL CHILDREN THIS WEEK

Speakers Will Tell Advantages of
"Cleaning Up" Premises—Prize
Conditions are Explained

As part of the program for clean
up week a number of talks on city
sanitation have been arranged for
the public schools by the Woman's
Civic league. These talks will be
given Wednesday and the speakers
will be as follows:

First ward, Mrs. J. K. C. Pierson
and Mrs. George Imgrund.
Second ward, Mrs. E. B. Spink
and Miss Gunhild Johnson.

Third ward, Mrs. E. C. Carpenter.
Third ward branch, Miss Martha
Coale.

Fourth ward, Mrs. J. H. Danskin.
Announcement has also been made
of the prizes offered for essays writ-
ten by children on what they have
done toward clean up week. Any
such essay must be an account of
what the child has actually done and
it must be possible to prove the
statement by witnesses other than
parents. When the essays have been
written they are to be filed with the
sanitary inspector in the ward in
which the child lives. These inspec-
tors are, first ward, Mrs. George Im-
grund; second ward, Mrs. E. B.
Spink; third ward, Mrs. E. C. Car-
penter; fourth ward, Mrs. J. H. Dan-
skin.

COOK COUNTY STATE'S ATTORNEY NOT TO PROSECUTE MRS. ROWE

End of Chicago "Petticoat Scandal" Is Seen in Unofficial Announcement.

According to the Chicago Tribune State's Attorney Hoyne has about decided to exonerate Mrs. Louise Osborne Rowe, commissioner of public welfare, of wrong doing in her relations with Mrs. Page Walker Eaton. It is said that there is no evidence upon which to base criminal prosecution and that Mrs. Rowe is thus to be exonerated as she was before the civil service commission. The only action whereby anything further could be done about the matter would be a suit by Mrs. Eaton for the recovery of \$540 which she claims she paid to Mrs. Rowe on demand. That no action against Mrs. Rowe by the state's attorney is anticipated is indicated by the following from Seymour Stedman, attorney for Mrs. Eaton:

"I don't want to anticipate the state's attorney, but just now I don't see how he can take any action," Mr. Stedman said. "Mrs. Eaton thought the money was a loan, and furthermore, Mrs. Rowe is not a civil service employee. Both of these circumstances would seem to eliminate prosecution under the civil service statute prohibiting collections from city employees."

Mr. Stedman announced, however, he is contemplating starting a civil suit in the circuit court against Mrs. Rowe for the return of the loan.

"You couldn't have expected the civil service commission to render any other verdict, considering they are appointed by the mayor," he added.

MANY MEMORIES OF LONG AGO

Austin B. Green of Asbury was in the city yesterday conversing with some of his many friends. A good many recalled the time Mr. Green's house was burned. After the fire he found himself without a respect-able wardrobe so he let his beard and moustache grow full, put on an old, rusty suit and an old cap and had a day of rare fun in the city. Though he had lived here all his life but one person recognized him. He met a number of relatives and even talked with them without being recognized and had all manner of sport.

He said he well remembered when Gen. Hardin went off to the Mexican war. The general bought a stallion almost white and rode it proudly. The order given him was a mistake as the duty was too hard to accomplish with his force and he had to retreat and he wouldn't leave the field till all his men had gone and he remained too long. That horse was led in the funeral procession which Mr. Green remembers and he said as it passed the Hardin home a lady was standing on the steps and she was reported as saying that she would rather be a widow of a hero than the wife of a coward.

ST. LOUIS ALUMNI OF ILLINOIS COLLEGE BANQUET

The St. Louis Society of Illinois college alumni gave a banquet at Washington hotel on Kings Highway Friday evening. It was the first time in the history of the society that the members had the ladies present, and the occasion was one of much interest. Dr. E. W. McBrantney, '97, acted as toastmaster. The principal address of the evening was by Dr. C. H. Rammelkamp, president of the college, whose subject was "Illinois College Past and Present." The address was illustrated by stereoscopic slides. Dr. William Engelbach, '99, was elected president of the coming year and Oliver Schwarz was elected secretary and treasurer.

MAVERICKS

We'll Play It With You Kee. I am a patient sort of cuss, Forbearance is my middle name, It's seldom that I raise a fuss. My disposition's mild and tame. But fury surges in my breast And furrows up my face benign When I grab up my telephone And hear some office girl intone: "Please hold the line!"

It matters not how far behind I find myself with pressing tasks, Te buzzer interrupts my grind And someone's minion calmly asks Ten minutes of my precious time— He saves HIS minutes, wasting mine! It makes me fighting wroth, I own To hear that mandate on the phone— "Please hold the line!"

I've worn a callous on my ear, I've got rheumatics in my hand, I've squandered probably a year Complying with that rude command. But I have made one bold resolve: Hereafter curtly I decline When I grab up my telephone And some hired hand intone: "Please hold the line!" —W. Kee Maxwell, Peoria Journal.

Letter writing is getting to be a dangerous occupation.

It is likely that the boom of Mayor Woodruff of Peoria for governor will be torpedoed before it assumes very large proportions.

When Medill McCormick and Congressman McKinley clasped hands at the Republican state convention the crowd literally went wild. It surely was a good illustration of the reuniting of the party.

A greater ovation is seldom given a speaker than the one accorded to Senator Sherman at Peoria Friday after he had finished his address.

A GREAT PICTURE.

In the window of the Douglas store is what is said to be the largest group picture ever shown in Jacksonville. It is an enlarged picture of the Illinois intercollegiate champion foot ball team of 1915-16. The picture was enlarged to 42 x 60 inches in dimensions by Mollenbrok & McCullough, who made the original picture. It is framed in handsome fumed oak and with this addition the general dimensions are 52 x 68 inches. It is a remarkably good picture and the players appear in a way that gives an idea of life size.

FI-FI OF THE TOY SHOP MONDAY

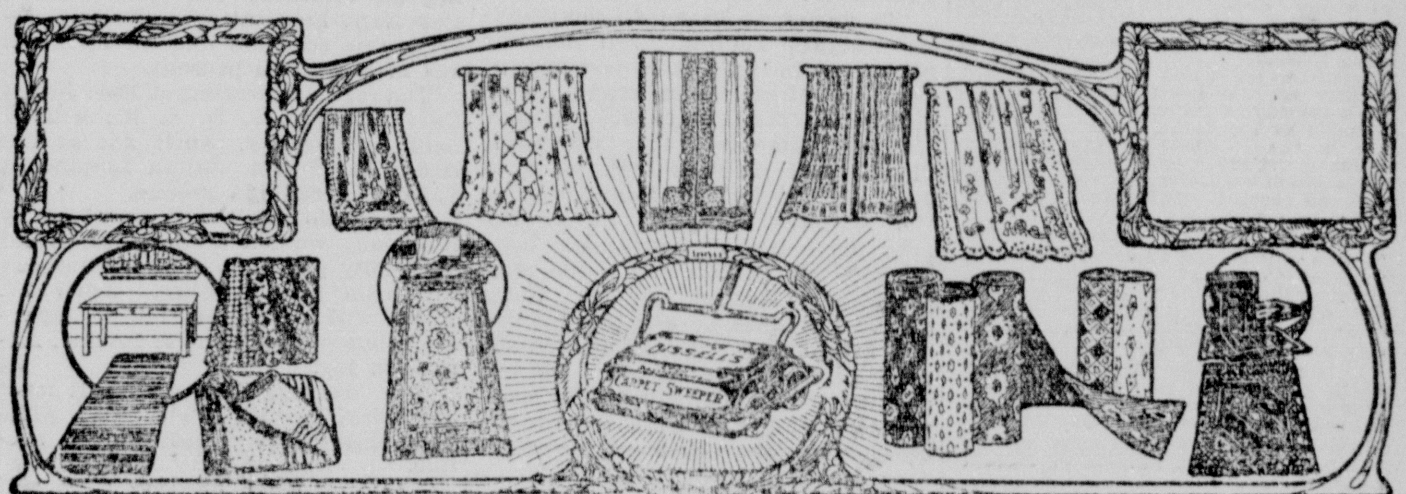

"FI-FI of the Toy Shop," the musical comedy to be given under the auspices of the Jacksonville Civic league at the opera house tomorrow night, has been declared by the press of seventeen cities a unique and delightful entertainment. Interspersed with tuneful music and spectacular scenes, the character roles taken by adults are clever and the plot irresistibly funny. The numerous and varied choruses and dances by the children and young ladies are a delightful feature, testifying to their faithfulness in rehearsal, as well as their personal charm and ability. The play has been likened to "Peter Pan" and "The Blue Bird," because of its poetic idea, its delicious humor and its fantastic imagery of the common place. For this reason both grownups and children will heartily appreciate and enjoy it. The Chicago Examiner said not long ago of "FI-FI": "It is wonderful, a dream fantasy of childhood, a production that every child and grownup will wish to see."

The program will be as follows:

Act I. "The Slumber Boat." The Sandman; Dance of the Jumping Jacks.

Act II. Dance of the China Dolls; "My Toy Love." FI-FI and Tinheart; "Nursery Rhymes." Sextet, Inkspot, Lollypop Looney, Barnacle, FI-FI, Tinheart; "The Owl and the Pussy Cat," Bo-Peep and Animals; Dance of the Paper Dolls; "Ah! Dollies, Come Fly," FI-FI and Man in the Moon.

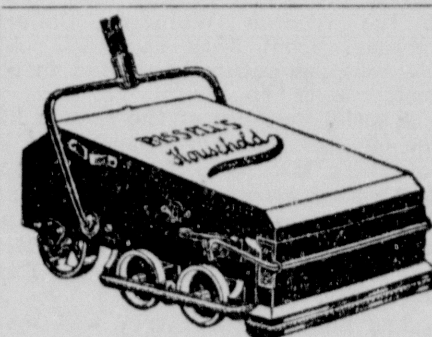

Act III. The Live Letter Blocks; "The Honey Bees' Honeymoon." FI-FI and Christmas Fairies; The Bridesmaids' Flower Fantasy; The Wedding March, entire company; "The Sandman's Lullaby." Sandman and Company.

HEARD PAVING CASE IN VIRGINIA.

Judge W. E. Thompson returned Saturday evening from Virginia where he heard a paving case in the Cass county court. The case was one wherein the paving of Morgan street in Virginia was considered. The property owners objected to the paving on the ground that John Goddell had made the assessment roll as engineer of the board when he was not holding that position. Another matter that came out was that the board of local improvements changed the assessment roll from what had been asked by the property owners. Judge Thompson did not pass on that phase of the case, but declared the ordinance invalid on the point raised as to Mr. Goddell making the assessment roll as engineer of the board. Roy Seeley of Springfield appeared as attorney for the city, while the property owners were represented by Neiger & Gordley and A. A. Leeper.

**A SIMPLE AND SAFE WAY
TO RELIEVE HEADACHE**

Of Especial Interest to All With Weak
Hearts

A great many people have robbed
themselves of the comfort of relief
from headache because they are afraid
of the ordinary commercial headache
remedy for fear that it might slow
down the action of the heart.

For people that have weak hearts
there is no doubt that the ordinary
cold tar headache cure is liable to be
dangerous, and as most anybody can
have a weak heart and not know it, it
is wise to select your headache remedy
with great care.

But this does not mean that anybody
should endure the pain and unhappi-
ness of a headache without doing
something for it. We recommend the
following as the safe and simple way
to relieve headache and neuralgic pains
in the head and face: To a little pure
water, add two teaspoonfuls of the
prescription known as Salko Liquid Head-
ache Remedy—children one-half this
dose.

Salko Liquid Headache Remedy is a
carefully compounded ready-put-up
prescription which besides containing
medicine to relieve headache, also con-
tains ingredients that stimulate the ac-
tion of the heart and prevent any pos-
sibility of the heart slowing down.

This remedy is prescribed and recom-
mended by the Salko Company, work-
ing in the interests of the Health-
Safety-First movement in America, be-
sides which we now just have in its
and can vouch for its harmlessness and
value as a remedy.

This store is the sole representative
in this city of the Salko scientists in
bringing to spread the movement of
Safety First for the Health. You can-
not obtain Salko Liquid Headache Remedy

Serious Sickness

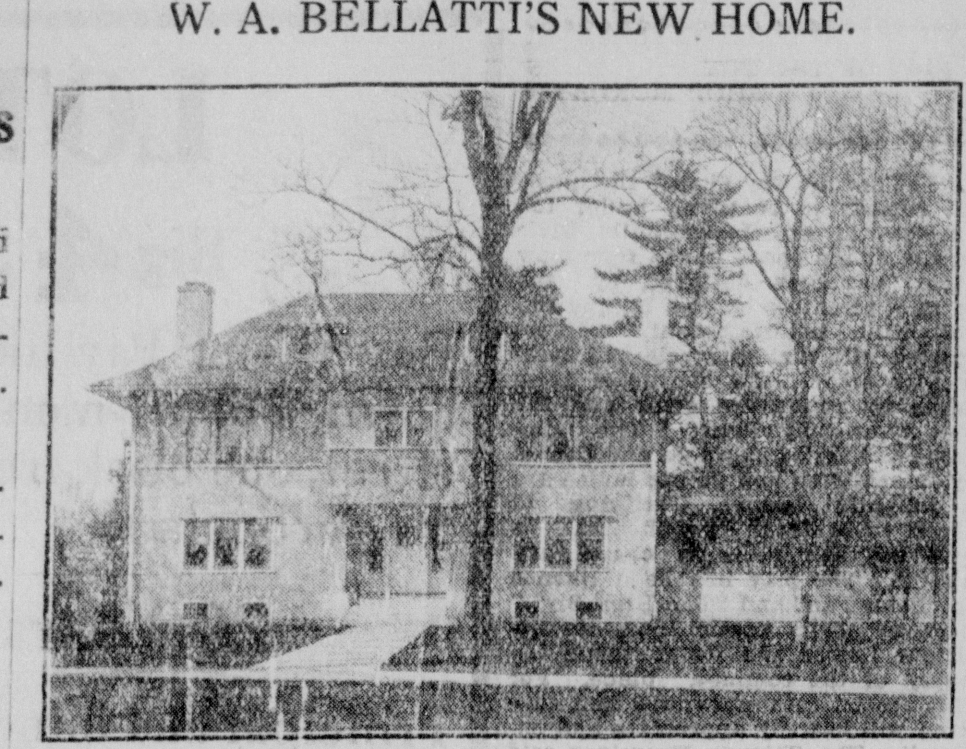

"A stitch in time saves nine," is an
old and true saying, but it is never-
theless true. Common colds and a
constipated condition are the founda-
tion of much serious illness and dread
disease that could be avoided if
prompt attention were given to the
first so-called slight ailment.

Every family can provide prompt
treatment for these first attacks of ill-
health—and every family should be
prepared for an emergency by having
on hand that standard old family
cough syrup, Foley's Money and Tar
Compound, for the relief of coughs,
croup, whooping cough, irritated and
inflamed throat, tight and sore chest,
grippe and bronchial coughs.

Foley Cathartic Tablets are just the
thing for constipation and sluggish
bowel movement—a wholesome laxa-
tive and cleansing cathartic. They
do not gripe or cause nausea or in-
convenience and are particularly wel-
come to stout people.

W. A. BELLATTI'S NEW HOME.
The residence of Mr. and Mrs.
Walter A. Bellatti on West College
avenue is rightly accounted one of
the handsomest in Jacksonville. It
was completed during the past win-
ter by the contractor, M. Fernandes.
The plans were drawn by Spencer &
Howard of Chicago and the house is
of the stucco type and is exceedingly
well built. After the uprights for
the walls were placed in position,
the surface lat intervening spaces
was covered with sea grass and this
in turn covered with tongue and
groove siding. Then a paper made
especially for the purpose was put

on the surface and afterward the
steel wire lathing was put into po-
sition. Two coats of mortar were
applied and then the surface was
ready for the stucco, which fur-
nishes the surface finish.

The house has just the average
number of rooms but they are all
spacious and well lighted. The liv-
ing porch at the east side of the
house is especially attractive. All
the interior finish, the heating and
plumbing, are of the best, and while
the construction cost of the home
has never been made public, there
is ample evidence that the new Bel-
latti home is easily one of the most
costly in Jacksonville.

MATRIMONIAL

Goltra.
The Star News of Los Angeles,
Calif., of April 14, contained the
following relative to the funeral of
Charles W. Goltra:
"In charge of Pasadena command-
ery Knights Templar, full masonic
honors were paid the memory of
Charles Goltra, past grand com-
mander of the State of Indiana,
Knights Templar, this afternoon.
The funeral services took place at
2:30 o'clock in the Blue lodge at
the Masonic Temple. Burial fol-
lows in Southern California.

"Mr. Goltra was one of the most
prominent Masons of his home
state. He came here a few months
ago in search of health and passed
away after a long illness. He was
a member of Crawfordsville com-
mandery and had been for over a
quarter of a century treasurer of the
four Masonic bodies in his home
city.

"Past Commander E. H. Mulligan
of Pasadena commandery, has not-
iced the Crawfordsville commandery
of the death of Mr. Goltra and F.
A. Turner, commander of that com-
mandery has wired asking that the
Pasadena body see that suitable tri-
bute is paid the decedent in behalf
of his home organization."

Relatives here have received from
Pasadena word of the funeral. The
latter states there was a profusion
of beautiful flowers sent and that
there was a large gathering to pay
tribute to the memory of Mr. Gol-
tra.

nished the music for the afternoon
session of the Morgan County Teach-
ers' Association at the David Prince
school on Thursday afternoon of
this week. Miss Lazelle sang "My
Lovely Celia," Old English; "A Rose
Rhyme," H. V. Stearns; "La Fille
de Cadix," Delibes; and Mr. Stearns
played Sonnet in E major and the
Etude in D Flat by Liszt. On Fri-
day afternoon Mr. McClellan play-
ed for the Teachers' Association,
playing "Le Cygne," St. Saens; and
"Berceuse Slav," Neruda.

There is great enthusiasm in the
college and the College of Music
over the coming convention of the
Illinois Music Teachers' Association
and nearly all of the students as
well as faculty members have be-
come guarantors.

A number of recitals by Advan-

BETTER COMMUNITY CONFERENCE PROPOSES WORK IN MANY LINES

State Organizations Will Unite in Effort to Promote Achievement of Civic Enterprises—Statement By Dr. Heironymous.

In a recent statement Dr. R. E. Heironymous of the University of Illinois had the following to say about the Better Community Movement:

There are in Illinois at the present time over 100 state-wide organizations, commercial, industrial, agricultural, domestic, social, civic, educational, fraternal, religious, and so forth. The purpose of these associations differ from the very nature of the work attempted. But it is becoming clearer year after year that there is a common meeting ground for all worthy, legitimate, organizations. They are all related in one way or another to the various communities of the state. Community welfare is, therefore, the basis for common action of all these associations.

At a recent meeting of representatives of several of these state-wide organizations, plans were presented for a Better Community Movement. After discussing at length this A. B. C. Campaign, the plan was unanimously approved and a with-power-to-act committee appointed to take the necessary steps for furthering the whole movement. It was the expressed wish of all those present that a Community Conference be held at the University of Illinois in the near future to which should be invited (1) Representatives of all state-wide organizations (2) Citizens vitally interested in developing and advancing their communities. The University is inviting such a conference to be held June 20-22. The subjects for discussion will be the chief points to be taken into account in measuring the community itself.

Group Division Suggested

In view of the approaching Centennial of Illinois, it is urged that this movement for a better community life be so organized and directed as to enable the state, between now and the end of the 100th anniversary year to take an inventory of stock. To this end the communities of the state are to be divided into groups (probably five): for example—(1) Cities above 10,000, of which there are 30 outside of Chicago (2) Cities of less than 10,000 and over 5,000 of which there are 41 in Illinois (3) Cities under 5,000 (4) Town and villages (5) Open Country Communities. The plan outlined includes a competition between communities within these groups, along lines determined in advance, continuing say from September 1, 1916, to September 1, 1917, or some other period if it should seem wise to extend it. Several months will be required beyond that time to tabulate the results and determine which communities are best, in what points they are strong and in what weak. The plan further contemplates suitable awards to those places of greatest excellence. Such a task will require the hearty cooperation of the various organizations and forces of the state for the next two years. But such a movement is a unifying process and will make the Centennial Celebration of Illinois a notable one. It will be wholesome for the people to know what the best communities are and what their elements of strength. It will give a new program to the press, a new voice to the pulpit, and an extended field of service for social workers.

Commercial clubs, Women's clubs, Civic leagues, Parent Teacher associations, Rural organizations, Municipal leagues, Schools, Colleges, Normal schools, Churches, the Press, libraries, etc., have in such a movement a common ground of action. The cooperation of all these forces will bring results otherwise impossible.

Remember the time—June 20-22; the place—Urbana-Champaign; the object—A Better Communities Movement.

TODAY GIVES NOBLE DATE IN HISTORY OF THE WORLD

People Will Observe Easter and the Tercentenary of William Shakespeare—Spaniards Will Celebrate Anniversary of Literary Genius Who Created Don Quixote.

Three Great Events of April 23, 1916.

Easter Sunday, one of the festival days of the Christian church. Tercentenary of the death of William Shakespeare, the greatest writer of all time. Tercentenary of Cervantes, creator of Don Quixote, especially observed by Spaniards.

The observance of the Shakespeare tercentenary, which has been planned for a decade by the world of literature, reaches the formal stage tomorrow, on the three hundredth anniversary of the death of the poet genius.

From Stratford-on-Avon there will radiate tomorrow the brightest beams that the minds of men have absorbed; and the homage that will be paid by all civilized peoples to the immortal bard will form one of the most impressive observances the world has ever known.

On the same Easter Sunday, the Spanish peoples of Europe and America will observe the tercentenary of their own literary genius, Cervantes. The creator of Don Quixote, it is recorded, died on the same day as Shakespeare, in 1616. In Spain preparations have been made on elaborate scale, and the home of the writer at Valladolid has been bought by King Alfonso as a place of pilgrimage. Overshadowed by the great Shakespearean celebration, the Cervantes observance will nevertheless be brilliantly celebrated in Spain and in Central and South America.

Sketch of Shakespeare.

William Shakespeare, the third child and first son of John Shakespeare and his wife, Mary Arden, was born at Stratford-on-Avon on April 23, 1564. He died on April 23, 1616. As the unusual coincidence of birth and death upon the same date did not excite comment at the time, some biographers have inferred that the dramatist was born on April 22.

Shakespeare married young, and at 21, when he went to London had a wife eight years his senior and three children. At first Shakespeare held horses outside of theaters for gay gallants who were attending the play. The youth's native wit and ambition did the rest. London knew him first as an actor, and during his lifetime, he was popularly identified with acting rather than with producing the remarkable plays that he gave. Shakespeare appeared often before Queen Elizabeth and King James, and frequently took the roles of old men.

Contemporaries have written that Shakespeare wrote without erasing a line. That is the reason why he could produce in twenty years forty distinct works—thirty-seven plays, including many of the world's masterpieces, two long narrative poems, and sonnets that are in themselves remarkable. He originated some 500 perfectly recognizable, distinct characters.

How Stratford Celebrates.

The celebration of the Shakespeare Tercentenary in England will lack some of the spectacular features that had long been planned. At Stratford, a great parade and pageant had been planned, and the women of the countryside in Warwickshire had completed a beautiful collection of heraldic surcoats and banners. They had embroidered in silk on rich cloths the arms of every knight mentioned in Shakespeare's plays, and they were to have been worn in the great pageant. The war-time drafts of men from the village will interfere with the plans, but the neighboring towns and the womenfolk of Stratford will see that the occasion is fittingly celebrated. At the old home of Shakespeare, Shakespeare's plays will be given in the open during the next few weeks. The decorations of the town include the flags of fifty-two countries which have been presented Stratford. It is expected that representatives of many of the governments will be present tomorrow in the procession to the tomb of Shakespeare.

In the United States.

The observance of Shakespeare's day will be popular in the United States, and it is here that the distractions of war have interfered the least with the great holiday. The formal programs tomorrow bring to the front the greatest men in each city and town, and it is doubtful if ever before such a tribute was ever planned in America. But the laudations which will be poured out on Easter Sunday are but a minor phase of the Tercentenary, for during the spring and summer pageants, plays, public meetings and banquets will be frequent occurrences in each section of the country, all dedicated to the Bard of Avon. The public schools, the colleges and universities, the public libraries, and even the moving pictures and the clubs and other organizations of the people are enlisted in the observance.

PLAYS BILLIARDS WITH HIS NOSE

Tomorrow evening at Schumm's billiard room, northeast corner of the square, Prof. Lewis of New York announces that he will play a game of billiards with his nose for a cue. It will surely be a novel sight but he has credentials regarding his feats elsewhere.

Walter and William Parnay-hough, George and Peter Ranson were arrivals in the city yesterday from the vicinity of Lynville.

REDS AND BROWNS PLAY FIFTEEN INNING TIE

GAME IS CALLED ON ACCOUNT OF DARKNESS.

Contest Is a Great Pitching Duel—Klepper for Cleveland Twirls Full Game—Davenport Retires for Pinch Hitter After Going Eight Innings.

St. Louis, April 22.—Cleveland and St. Louis battled fifteen innings to a one to one tie here today, when the game was called on account of darkness. It was a great pitching duel, Klepper for Cleveland, twirling the full game while Davenport, who opposed him, retired for a pinch hitter after going eight innings. Plank then went in and held the visitors to two hits for the remainder of the game.

WOMEN SHRINK FROM MODESTY

Bear Grievous Ailments Rather Than Make Condition Known

The subject of complaints peculiar to women is a delicate one, yet it is a plain duty to let these sufferers know that most of the derangements from which they suffer are due primarily to nervous debility.

Many a suffering woman, influenced by shrinking modesty, has borne this grievous condition without complaint rather than make a personal appeal. When women say, "I am all run down, so nervous and weak," that means they are victims of the modern malady.

Such women, and they are a legion in every community, suffer from headaches, backaches, loss of appetite and sleeplessness. Their spirits are always depressed and their lives are not the normally happy one of their more fortunate sisters. Often, too, there are spells of nausea, weakness, or even fainting, that make them feel insecure and to wonder when they will be embarrassed, or even in danger, because of their condition.

For such suffering women Tanlae, the tonic, tissue builder, appetizer, and invigorant, is ideal. Tanlae builds up the system, promotes digestion and proper assimilation of food, vitalizes the blood and brings back healthy color to the cheeks and red sparkle to the eyes.

Tanlae may now be obtained in Jacksonville at the Cover & Shreve Drug Store, where its merits are fully explained.

Paige Economy is Intelligent Economy

Be sure that you buy MOTORING when you buy your motor car.

The price of the five-passenger Fleetwood "Six-38" is \$1050. How long we shall be able to keep it as low as \$1050—with the continuous increase in the cost of materials—we cannot say—because we do not know. We urge you to order a Fleetwood at \$1050 TODAY and protect yourself.

But that price—\$1050—was decided upon last December as the minimum price for which we could sell genuine, unequalled, indisputable Paige Quality.

We don't GUESS that the Fleetwood "Six-38" and the Fairfield "Six-46" will "stand up." We KNOW it.

There is nothing "experimental" about these cars. There are no radical engineering theories in them. They are the incontestable proof of a season's driving.

ESTABLISH TWO NEW WORLD'S RECORDS AT DRAKE CITY RELAY

DES MOINES, Iowa, April 22.—Three meet records were broken and two new world's records established in the university class today at the seventh annual Drake relay meet, held in the Drake stadium here.

Seven thousand persons, many of them from colleges who participated in the relay thronged the stands.

In the special 220 yard dash, the feature event of the program, Hoyt of Grinnell college romped away from his competitors, completing the distance in 21 2-5. Hopman of Illinois was second and Shearer of Drake a close third. The remainder of the field, which comprised some of the fastest men for the distance in the country, were closely bunched behind Shearer.

According to Coaches Staggs of Chicago, Farrell of Michigan and Gill of Illinois, Hoyt's time represents a new world record for the 220 on a curved outdoor track.

SPORT ITEMS

Fix of the basketball circuits will get into action during the coming week. On Wednesday, the International, the Three Eye, the Central, and the North Carolina League blossom out, and the Eastern League gets under way on Friday.

The best college runners in the Middle West are competing in the events at Drake University today. The field events also bring together the cream of the athletes from the universities.

Many country clubs of the Middle West are sending their best horse-flesh to the Washington Horse Show, which will be held at Washington Court House, Ohio, on Monday and Tuesday.

Polo comes into prominence on the Coast this week, the Burlingame and San Mateo clubs having arranged a joint tournament. The feature of the meet is the play for the Circuit Cup of the Pacific Coast association.

The Philadelphia indoor show, set for the final three days of next week, is the center of horse interest in the East. Entries are from the leading stables, and many classes will be judged.

Yale and Pennsylvania varsity crews, and second crews will meet on the Schuylkill at Philadelphia today. Roland Harriman, son of the late E. H. Harriman, will probably be at stroke for Yale varsity.

NERVOUS BREAKDOWN
Stamford, Conn., Nurse Tells How She Found Health

Stamford, Conn.—"I am a nurse and suffered from a nervous breakdown. I had no appetite and could not sleep at night, and nothing seemed to help me. By chance I heard of Vinol, and after taking the first bottle I noticed an improvement, and four bottles made me well and strong. It gave me a hearty appetite, so I can sleep soundly day or night. I consider Vinol a wonderful tonic." Edith R. Forbes, Stamford, Conn.

The reason Vinol is so successful in overcoming such conditions is because it is a constitutional remedy and goes to the seat of the trouble. It is the greatest strength creator we know—due to the extractive medicinal elements of fresh cod livers without oil, combined with peptonates of iron and beef peptone, all dissolved in a pure medicinal wine.

We have seen so many wonderful recoveries like this right here in Jacksonville, caused by Vinol, that we feel perfectly safe in offering to return money in every such case where Vinol fails to benefit. Lee P. Albott, Druggist.—adv.

Why We Sell Only The USL Storage Battery

The Triumph of the Machine Pasted Plate

For years the electric starting and lighting battery question has been one of the most serious things with which we have had to contend.

For if your starting and lighting battery doesn't work the \$600 to \$6000 you have invested in a motor car represents very little immediate value to you.

As dealers we have been bothered so much by the general worthlessness of inferior batteries and the constant trouble they cause, that we determined some time ago to look into the storage battery business very seriously.

A Message to Every Motor Car Owner

WE knew that in countless instances a perfectly good motor had been roundly abused for no other reason than that the battery wasn't doing its work properly and the owner didn't know it.

We knew that thousands of lamps had gone bad simply because the battery wasn't right.

We had heard generators called "no good" and spark plugs anathematized because the battery wouldn't do its work.

We had seen efficient starters condemned on account of poor battery service.

From long and exasperating experience we had learned of a host of other troubles—mean, elusive troubles—that were due wholly to inferior battery construction.

We Started to Find a Good Battery

So we determined to "see for ourselves." We determined to go right to the bottom of the battery business.

And we found out a lot—a whole lot!

After a long and painstaking search we found the battery we wanted—the new-type USL. We found a battery better than we had supposed existed.

It was brought forcibly to us that it is the *inside* of the battery that counts.

Any battery maker can give you doweled and dovetailed boxes, lead coated terminals, etc. These are mere outside mechanical details.

But down in the box, where you can't see, in the plates and separators and grids, is where you must have real construction and superior materials if you are to get maximum power and continued efficiency.

Here is where USL leads the world. Its marvelous exclusive machine pasted plates, its specially prepared separators, its non-buckling grids, give it greater efficiency and longer life than any other starting and lighting battery ever built!

The Marvelous Machine Pasted Plate

We found at the USL factory the wonderful principle of machine pasting plates, which chemists have sought to apply for years, and which is now in use *exclusively* at the USL plant. A brief explanation may be interesting:

Chief among the difficulties experienced in the use of the old types of starting and lighting batteries are the buckling of plates due to inferior materials and faulty construction, and the rapid deterioration of the plates due not only to the above causes, but to an out of date method of combining what is known as the oxide paste with the grid to form the plate.

More than any other one factor this paste and its proper combination with the grid determine the life and service of a storage battery. Its action in connection with the acid solution liberates the power stored in the battery, and this power is great or little, and the life of the battery long or short, as the plate is good or bad.

If the plates are not compact, solid, homogenous, they will easily wash away or break down under shock, and the life of the battery will be only one month, two months, or six months, as the case may be.

The Old Method of Construction

Briefly, and without going into obscure technicalities, the common method of making battery plates is to "hand-paste" them. The workman rubs the oxide paste (which "sets" very quickly) into the grid by hand, on one side, and then turns it

over and rubs in the other side. One side "sets" before the other can be rubbed in, and the result is an imperfectly welded plate, full of flaws and weak spots, which gives a most unsatisfactory flow of current, washes away easily, is easily broken down, and is, therefore, the cause of the rapid deterioration you may have noticed in your battery.

At the USL plant we found the secret of the satisfactory service and wonderfully long life of USL batteries. Note the difference:

Mechanically Pasted Plates

New-type USL plates are *machine pasted*. The uncertain hand work has been done away with. The plates are placed in an ingenious machine and the paste is quickly pressed in from both sides *at once*. It sets as a mass, and the result is a compact, solid plate, equal in density all the way through. This plate wears evenly, gives off a constant and steady flow of power, does *not* wash away, does *not* crumble with vibration or road shock, and *therefore lasts longer than any other starting battery plate ever made*.

This seemingly simple, though really wonderful principle of construction is the result of years of chemical and mechanical research. It is difficult to explain it in non-technical terms, but we want you to try one of these batteries. If you do you will never use any other.

Rightly Built and Closely Inspected

USL batteries possess many points of superiority aside from these wonderful machine pasted plates. They are the most carefully built and closely inspected batteries made in the world.

The boxes are sturdily constructed. The jars are made of a superior grade of rubber, and before installation are tested far beyond any shock or strain they will ever get in normal service. An exclusive vent and expansion chamber prevent loss of acid solution. The terminals are strong and well-made, and all metal parts, even to the handles, are lead coated to prevent corrosion.

And one of the most important features of USL construction is an ingenious method of grid casting which *absolutely prevents* plate buckling under any normal service.

Sixteen years of battery building have taught the U S Light & Heat Corporation how to build USL batteries right.

And Positively Guaranteed

We can give the most generous guarantee and free service inspection we have ever known with USL batteries. Every USL is guaranteed for fifteen months on a definitely specified *dollars and cents* adjustment basis. You get what you pay for and *know* each month just what your adjustment will be, should your USL battery fail. And there is no limit placed on the free inspection service. You get it at any time and as often as you may require it.

We want all of our old customers, and all users who read this, to try a USL battery on our recommendation. We *know* what they are. There are also nearly a thousand great business concerns using them who know what they are. Practically every railroad company in the United States uses USL batteries. Great telephone companies, signal concerns, vehicle manufacturers, automobile companies here and abroad, install USL batteries because of the wonderful lasting qualities of the marvelous machine pasted plates.

Come in and see us before you buy a new battery. We will show you a revelation in starting and lighting batteries.

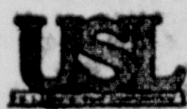

New-type USL batteries are built to fit any gasoline or electric pleasure car or truck made.

LIVESTOCK REVIEW OF WEEK.

The Blakely-Sanders-Mann Co. in a review of the livestock market at East St. Louis have the following to say:

Our cattle supply was very light Monday, but rather liberal Tuesday and light since then. The quality and finish averaged right good. Not many choice steers were offered, although \$10.00 was reached and many sales were made from \$9.00 to \$9.25 and a few from \$9.25 to \$9.50. Values show from steady to 15 to 15c lower than high time of last week. Good to choice yearlings sold from \$9.50 to \$9.85 for 10c. The good class above \$9.00 are scarce, while others are 15 to 25c lower. Cows steady and not plentiful. Canners dull and a good kind sold around \$4.00 to \$4.25. Stocker trade was active on all classy kinds, others slow. Easter brings the closing of Lenten Season, beef trade should improve, and if runs are moderate values will remain high.

Receipts of hogs today 5500, the market is lower, with a top of \$9.86. Bulk of the good hogs weighing 189 lbs. and up \$9.65 to \$9.75; mixed and plain grades \$9.40 to \$9.60; roughs \$9.00 to \$9.25. Pigs 50c

and none too early, right now, to get literature and begin to think about, or discuss with the family, summer vacation plans.

The Burlington Route is appropriately known as the Vacation Line, because it reaches directly, almost every one of the worth-while vacation spots in the entire West. For the convenience of its patrons the Burlington issues and distributes free of charge a number of standard and authoritative publications on the most popular regions in the West. These works taken collectively comprise a veritable vacation library; each one is very carefully compiled in order that the information it contains may be absolutely dependable and up to date.

Just say what you are interested in and I'll be glad to furnish you the desired publications free of charge. Remember that my time and service of the road are always at your disposal.

THE CAMPAIGN OF 1860

(By J. M. Swales.)

Talk about your hot presidential campaigns! That of 1860 was a humdrum and one of the warmest ever pulled off in this land of the free and the home of the brave. There was more excitement to the square foot than was ever experienced before or since the foundation of the republic. At every stage of the game, from the time Lincoln was nominated at the Wigwam in Chicago, in June of that year, till the close in November the blood of the various parties was constantly up to fever heat. All sorts and varieties of epithets were applied to those who were fighting under the banners of Lincoln, Douglas, Breckenridge, and Bell. It was a four-cornered scrap, more especially a very heated affair between Lincoln and Douglas in Illinois. In 1858 Douglas had defeated Lincoln for the United States Senate and the bitterness engendered by that "impossible conflict" was carried over into the campaign two years later. The people of this day haven't the remotest conception of the intense feeling between the partisans under the "Rail Splitter" and the "Little Giant". Grand rallies were held everywhere and oceans of coal oil were burnt by the tens of thousands who marched in the night parades columns, miles and miles in extent were formed with brass bands and fife and drum corps the marchers made the welkin ring with shouts for their leaders, who were to lead them either to victory or defeat in the great contest which was to decide the problem whether or not a house divided against itself could stand.

On August 8, 1860 there was a gathering in Springfield which eclipses anything of that kind ever attempted in the middle west. People went to the capital city from all parts of the state on railways and in all sorts of vehicles, horseback, muleback, and on foot. The camped on the way and thousands slept in the open in tents and in wagons. Poles were erected on wagons drawn by ten horse teams. There was a spirited rivalry as to which county or section should have the highest pole and biggest flag. Wagons with beautiful young ladies togged out in red, white and blue, one for each State in the Union, and the sight of these fair daughters of the prairie state was a most inspiring spectacle. In every city, village and hamlet, throughout the state there were flag poles and each party tried to have the longest pole with which to knock the "political persimmon". In addition to the immense flag flying there was a long streamer on which was painted the names of Lincoln and Hamlin, or Douglas and Johnson, as the case might be. Men were hired to cut the ropes that hoisted the flags of opposing candidates and there were many bloody heads as a result of this vandalism during the campaign.

There were Wide Awakes by thousands and tens of thousands. Benjamin H. Grierson went from Mercedosa to Springfield as Captain of a Wide Awake company and inside of three years from that time was wearing the double stars of a Major-General. This city furnished a regiment of more to the grand tour ensemble on that auspicious occasion, of which I was one of them. The night of the 13th of August and was saved, it is said, by passing the reviewing stand in front of the old Lincoln home in Eighth street. They marched and counter-marched and marched some more in ranks of twos and fours, with bands playing Dixie, the Star Spangled Banner, "The Girl I Left Behind Me". Fife were speaking and drums were beating each a great celebration trying to outdo the other in the way of emitting sweet smoke of burning sticks. Meetings and overflow meetings were held all over the town. It was politics gone mad. Frenzied patriots carried the Rail Splitter on their shoulders and anticked the horses around and pulled the vehicle around with Old Abe doubled up inside, not knowing what to do with his elongated implements of locomotion, the latter worth anywhere from 98 cents to a dollar. I was with the bunch who went from here and rode on the top of a box car, lost a 25 cent straw hat going and came back some time late in the night, or early next morning, with a "head on me" that had been decorated by a Douglas Democrat. Stirring times you can take it from me. My Wide Awake uniform was not as neat as it was before I started, you can also take that from me as a truthful statement. It was a John D. Rockefeller advertisement all right and the oil was about a dollar a gallon. Wonder how many are here today who helped to burn kerosene in a tin torch in the Lincoln campaign of 1860? If there are any besides myself please rise and stand till you are counted.

After the close of the campaign, Lincoln held a reception in the south side of the Sangamon County Court house which was then the State House, and received a vast throng of those who had voted for him. While the crowd was wild with enthusiasm he seemed the saddest man I ever looked at, and I remember what he said among the other things on that historic occasion: "Well boys, I am afraid that you who have been carrying torches will be carrying something else before many months." And it was even so. In less than six months from the time he held that reception he sounded the tocsin of war, calling for 75,000 volunteers to suppress the greatest rebellion recorded in history. And we thought it would be only a breakfast spell, but it took us four years to eat it. And it only shows how little even of our greatest statesmen knew of what was before us from Sumpter to Appomattox. We little thought

of the tens of thousands and hundreds of thousands reaching into the millions would be called upon to stem the rising tide of treason and rebellion in that great struggle which filled a million graves and made countless thousands mourn for the slain on more than 2,000 crimson fields in the south. And perhaps nine of every ten who carried torches in the political campaign of 1860 carried muskets, swords, or sabers in the great whirlwind of death and devastation in the bloody years following the call for 75,000 volunteers. What a wondrous, momentous epoch it was in our national life which meant so much to the people of that day and this, and generations to come, even to the time, in God's own providence, when war shall no more wage its wide desolation. The Union soldier built wiser than he knew, and it was due to his heroic self sacrifice that the early sixties gave birth to a Nation founded on eternal justice and equality before the law, and not "The Birth of a Nation", conceived in the fertile brain of Rev. Thomas Dixon, and embellished by the still more fertile brain of Mr. Griffith, whose genius as an artist is one of the seven wonders of the World and who has succeeded in transforming a gang of night riders and cut throats into the true type of southern chivalry.

At the prescribed election in 1860 I lacked several months of being a legal voter but I slipped one over for the great emancipator and another in November 1864 but it did not count for the copperhead legislature saw to it that the soldiers from Illinois were disfranchised, that the Union soldier was a "Lincoln hireling," and that the war was a failure, and wanted peace at any price, and on any conditions, even to letting the erring sisters depart in peace. I say that I voted for him the second time but it was a ragged starving prisoner of war. As ballots we used white and black beans the white were cast for Lincoln and the black beans meant votes for McClellan. Rebel officers came inside the stockade and used all sorts of arguments in favor of Little Mac, "the pride and glory of the Army of the Potomac," who stood with the peace party in the North, demanding that our armies be returned from the field as the war was a failure and further slaughter was a crime, and that Lincoln was worse than a murderer for not giving the order to "cease firing." The object of the rebel authorities in working in the interest of McClellan was to secure a majority for him and try to convince the north that Union prisoners of war were tired of the struggle, but the vast majority stood by Old Abe and the Union, and resolved to die and vote rather than desert their colors even in the face of death by hunger, cold and starvation in the filthy prison hells of the South. There was where patriotism was put to the supreme test. These were the darkest days in the history of the nation, for many great battles were yet to be fought, lost and won before the crimson tide ceased to redden the soil at Cold Harbor, Spotsylvania, the Wilderness and other sanguinary conflicts in Georgia, the Carolinas, and the bloody holocaust at Franklin and Nashville, Tennessee, where Gen. Thomas put an everlasting quietus on the fighting aspirations of Gen. Lee and saved the North from invasion by his starved, ragged horde, thus preventing the North from getting a genuine taste of real war and the horrors that follow in its train.

The campaign of 1868 was another hot one when Grant and Colfax were the Republican standard bearers and Seymour and Blair opposed. There were some great doings around here and all over the North in that campaign. Coal oil and tin torches were still an important factor in winning votes; "Tanner clubs" were formed in all the loyal states. They were called Tanner clubs, because of the fact that Grant had worked at Galena as a tanner in his father's tannery, before going into the army. As in 1860 there was intense bitterness between the dominant parties, the "bloody shirt" being waved with much vigor by the Republican party which claimed the honor of having saved the nation, with Grant as the savior-in-chief. Much mud slinging was indulged in and there was no end of bitterness till the end of the campaign. Blair had been a Major-General and Commanded the 17th corps in the Atlanta campaign and was expected to get the vote of the soldiers who had marched and fought with him under Sherman. But they "voted as they shot" and Grant was the victor by a safe majority in the electoral college. Other campaigns were characterized with more or less bitterness, and the cartoonists were in the same especially when Grant ran for a second term. In 1872 Grant and Wilson were nominated. Pitted against them were Horace Greeley of New York, the founder and editor of the New York Tribune, and B. Gratz Brown, of Missouri. In that campaign Grant ran on the regular Republican ticket, and Greeley on what was known as the Liberal Republican ticket. That was the banner year for the cartoonists and they surely got in their deadly work, for as a result of their ridicule in pictures the great editor of the Tribune became insane and died in an insane asylum a short time before the electoral college met and the few votes meant for Greeley went to B. Gratz Brown. Up to that time Greeley was the worst beat man that ever ran for President of the United States. It will be remembered that when Jeff Davis was a prisoner of State at Fortress Monroe on the charge of treason, he having been president of the so-called

Southern Confederacy, Greeley at the time being one of the most radical Republicans in the Union, was the first to offer to go on his bond and thus secured his liberty from a confinement extending over a period of two or more years. It was charged that at the very time Greeley signed the Davis bond the presidential bee was buzzing in his bonnet. By this act he expected to curry favor with the States lately in rebellion, and with the aid of the Northern democrats be triumphantly elected, but was woefully disappointed.

The campaign of 1876 was one of the most critical presidential episodes since Lincoln's first election and came near resulting in a bloody civil war. The main contestants were R. B. Hayes of Ohio and Samuel J. Tilden, of New York, which resulted in giving Tilden a majority of the popular vote, but Hayes finally won out by one vote in the electoral college after weeks of suspense and watchful, strenuous waiting by an excited populace. The atmosphere was full of trouble and hot headed politicians all over the land seemed to have done their best, or worst, to precipitate civil war unless "their man" was seated. Henry Watterson, editor of the Louisville Journal and one of the most able and prominent politicians south of the Ohio river, offered to lead 100,000 men to Washington and see to it that Tilden was seated. He was a "blood to the bride swashbuckler," one of the kind who was not only anxious but willing to shed the last drop of his blood for Tilden, but was just as anxious and willing to be careful about the first drop. As the electoral college could not decide who was elected, Congressman W. M. Springer, a long time resident of this city, and who served 20 years in Congress, from the old Thirteenth district, which embraces this county, introduced a bill in Congress creating an electoral commission to be composed of five members of the House, five of the Senate, and five members of the United States Supreme Court. The commission was supposed to have been strictly non-partisan but when the final test came, and the vote stood seven to seven, Justice Bradley, a Republican, gave the deciding vote in favor of Hayes, and thus by a close shave civil war was averted, and he is said to his everlasting credit the Administration of R. B. Hayes will stand the searchlight of history and be recorded as one of the cleanest and ablest since the days of Washington.

The old method of campaigning has been cast into the discard and now the voter is reached by the press and by the office seekers who have the biggest bar! and the biggest luncheon and a good, big bangstarter. Once upon a time candidates were chosen on their merits. Today their merits are measured by the size of their pile, is most cases, under the present primary system and there are divers and sundry ways of evading the law in reference to bribery and the corruption of the sovereign voter who may have his palm out while enlogizing the grand old flag and beating holes in the circumambient atmosphere in defending the rights and privileges of the dear pee-pul.

SOME NOTABLE BIRTH-DAYS TODAY

- April 23
- Chamney M. DePew, former Senator from New York, and best known as an after-dinner speaker, is 82 years old today. He is active and strong for a man of his years, and retains the pointed wit that helped to make his name a by-word. Mr. DePew has had many honors thrust upon him, and there were many more that he declined. He made a fortune as a corporation lawyer, and then turned to other activities. Born at Peekskill, N. Y., April 23, 1834, he was educated at Yale, and then took up the law. He was a member of the New York legislature during the Civil War, also Secretary of State in New York. He declined the ambassadorship to Tokio, and then took a defeat running for Lieutenant Governor of New York. In 1865 he declined election to the United States Senate, and then declined to become Secretary of State in Benjamin Harrison's cabinet. In the Republican convention of 1888, he received 99 votes for the presidential nomination. It was he who placed Benjamin Harrison in nomination that year. In 1899 he was chosen to the Senate from New York, and he served until 1911. Among the famous orations he delivered was that at the dedication of the Statue of Liberty in New York harbor; another at the centennial celebration of George Washington. Mr. DePew has made many friends throughout the country, who are today showering him with congratulations.

Willard Reaches the Million Mark

On Saturday, April the 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant. The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations. To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

PREPAREDNESS CONFERENCE TO BE HELD IN THE SOUTH

Prominent Speakers Will Attend Meeting to Be Held in Charleston, S. C.—To Stimulate Interest in National Defense.

Charleston, S. C., April 22.—The awakening of the south in the matter of preparedness is demonstrated by the fact that a Southern National Defense conference is to be held on April 28 and 29 in Charleston, S. C. This will be the first preparedness gathering held in the southern section of the country, and is especially designed to still further stimulate interest in national defense.

The conference will be held under the joint auspices of the Charleston Chamber of Commerce and the National Security league. Governor Manning of South Carolina, has announced his hearty approval of the proposed gathering, and has extended invitations to the governors of the southern states to either attend in person or to send representatives. Mayor Hyde of Charleston, has personally sent invitations to the mayors of all the prominent southern cities, urging them to attend the conference, and replies already received indicate a large attendance of these officials.

U. S. Chamber of Commerce Endorsement.
In addition to this, the proposed conference has received the endorsement of Mr. R. G. Rhett, president of the Chamber of Commerce of the United States, whose home is in Charleston, and whose organization has recently submitted a referendum to Chamber of Commerce throughout the United States on the question of adequate preparedness including universal military training and service.

It was announced at the headquarters of the conference in this city today that among the speakers would be Alexander Graham Bell of Washington, D. C.; Hon. Henry Breckinridge, former Assistant Secretary of War; Frederick L. Huidekoper, author of "The Military Unpreparedness of the United States"; S. Standwood Menken, president of the National Security league; Hon. Thomas

W. Miller, representative in congress from Delaware; Colonel O. J. Bond, superintendent of the Military college from South Carolina, and J. Bernard Walker, editor of the Scientific America and author of "America Fallen."

The conference will consist of two sessions in the afternoon and evening, respectively, of Friday, April 28, and one on Saturday morning, April 29. Saturday afternoon will be devoted to entertainment of delegates by the citizens of Charleston and the Chamber of Commerce, with a banquet at night. Several meetings have already been held in this city at which the details of the conference have been arranged, and the outlook is for a most successful gathering, not only in point of attendance, but in the character of the addresses to be delivered, and the distinguished personnel of the speakers.

SOME FARM TOPICS

Alfalfa and Clover Fields.

During the last couple of weeks the Farm Bureau representatives have been making a study of alfalfa and clover fields in the effort to identify the causes of success or failure in different cases. Some alfalfa fields came thru the winter in first class condition, while others similarly located, were killed almost completely. In most cases the reason for the difference is fairly apparent. With clover fields, it is the same way. Some that were pastured short and some that were not pastured at all are absolutely dead, while others handled in the same way are alive. However (the causes of the failures in most cases are discernable. The slope of the land, kind of soil and the management of the crop all evidently have a bearing on this question. We are getting information about the fields in all parts of the

county and will be able to report to all the members for their guidance in further operations. Knowing the causes of winter killing this year, they will be able to guard against these another season. Fortunately, such hard winters on clover and alfalfa are not often experienced.

Most of the farm visits made so far this spring have been for the purpose of advising members what to do with fields of alfalfa and clover which are partially winter killed. The experience of other members in years past has served as a good guide as to the procedure to follow this spring and most of these fields will be patched up satisfactorily.

Horse Breeding Plans.

Quite a lot of good foals are already to be seen in Tazewell County this season. The foals are coming strong and are growing nicely. Some farmers will have five or six foals

from their work mares. These will come in handy to supply market requirements in two or three years hence. The income from this source on some farms is considerable.

Members are still discussing the stallion shows held at Tremont and Washington earlier in the month. They found these shows offered a fine opportunity to compare the best stallions in those parts of the county. The men who brought stallions to the shows were not afraid that they would suffer by comparison with those of their neighbors. There is no reason why an owner should hesitate to show a good horse against others, and the men who viewed these exhibitions, appreciated that fact. Quite a number have told me that they thought the very best local horses were on hand for these friendly competitions for public favor.—E. T. Robbins, County Agent, U. S. Dept. of Agriculture.

Quality First

This 3400 r. p. m. Chalmers Will Last Any Man 5 Years or More.

She hasn't a weakness. And the sturdiest part of her anatomy is her 3400 r. p. m. engine.

Now there has been a lot of talk about 3400. I find some of my prospects come in here a little bit doubtful about 3400.

They have been told by my contemporaries that an engine turning up 3400 r. p. m. is doomed to short existence.

That's absurd. Why, there are at least three cars in America that do 3100 r. p. m. or better. Ten years ago in Europe there were cars that did 4000 r. p. m.

Take the electric fan. It does around 4000. A turbine reaches about 4300.

Now, the argument set forth against 3400 is the "wear and tear on bearings."

How ridiculous!

Of course, if we had an old-fashioned engine with heavy iron pistons and arm-and-hammer type of connecting rods—then, to be sure, I'd have little to say.

But, to the contrary, this is a very modern engine. The pistons are aluminum, which cost a whole lot more, but weigh a whole lot less.

Then the connecting rods are much lighter.

That takes a lot of weight off the bearings, and permits about 500 r. p. m. more engine speed.

That isn't a very big increase, I know, but it's

just enough to make a very foxy, silken affair in action.

And then, too, in traveling 10 miles an hour her engine speed is only 500 r. p. m. At 20 she turns up 1000. At 30, 1500.

How often do you travel faster than 30?

So unless you want to sink the little button to the floor board and hold her there all day, you're not using 3400 r. p. m. all the time.

I hope none of my friends will swallow whole any story deriding 3400.

You know you will always find the largest number of clubs under the best apple tree in the orchard.

This car has doubled my sales.

As Mr. Post says, "There's a reason."

One little ride and you will want to pass up your old gondola.

Ask me about our service inspection coupons. They are negotiable with all Chalmers dealers everywhere. This system is an important consideration in buying your car.

Maternity! The Word of Words

And What a World of Help There is By a Little Timely Knowledge

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend."

You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradford Regulator Co., 807 Lamar Bldg., Atlanta, Ga. for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

It is replete with important and timely topics such as a description of the nerves, muscles and parts involved, the strange mystery of a new baby, the law of contagion, first pulsations, prefractory uneasiness, a maternity chart, diet list and many other subjects briefly told but of value to all women and particularly so to one who is to become a mother. It is mailed free to all who write for it.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from these distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

HEAVY SELLING PRESSURE IS
EFFECTIVE DURING SESSION

Friday's Recess Merely Accentuates the Extent of the Liquidating Movement.

New York, April 22.—Heavy and persistent selling pressure was again highly effective during today's two hour session, the recess of the preceding day merely accentuating the extent of the liquidating movement. Trading was far the largest of any recent week-end, approximating 600,000 shares, more than half of which represented the output in the final hour when the list was almost without semblance of support.

The German and Mexican crises for as such they are regarded by the financial community were again the factors around which the feverish market centered.

Among the weakest issues were General Motors, which fell 20 to 410, Mexican Petroleum, 10 to 89, United States Industrial Alcohol, 8 to 127, Crucible Steel, 75 to 84, Studebaker, 7 to 12 1/2, American Smelting, 6 to 88 1/2, Greene-Cannana, 5 to 41 1/2, Texas Company, 5 to 180, American Car, 5 to 55 and various others of that class 3 to 5 points.

United States Steel which outstripped all other stocks in volume of offerings manifested some steadiness at first, but fell back 2 to 80 as the selling movement gathered greater momentum. Rails were immune for a time, but the same cause was operative in that quarter later, the eastern lines, coalers, grangers and trans-continentals losing from 1 to 2 points.

United States coupon and registered 2s and coupon 4s declined 1/4 and Panama 3s registered 1/2 per cent on call during the week.

AN INTERESTING RELIC.
J. D. Hembrough yesterday showed a Journal reporter the bullet that was fired by accident into the head of young Ellsworth D. Hembrough in Kansas some weeks ago. The bullet was flattened and much out of shape showing it had met several obstructions in its passage into the unfortunate young man's head. For some time there was considerable uncertainty regarding the location of the bullet and the probable result of the wound. The ball went in upward under the chin past the nose and lodged in the upper part of the head.

The fear of the surgeons was that the sense of smelling would be destroyed and that various evil results would ensue. Some days after the accident it was decided to attempt the removal of the ball. The surgeons feared to administer anesthetics but injected much morphine hypodermically and greatly eased the pain the after effects were quite unpleasant. About an inch back of the edge of the hair on the forehead an incision was made in the skull and a small piece removed, the ball located and extracted and to all appearances the young man will recover without any serious evil effects.
His sense of smelling seems undisturbed and in general he feels no bad consequences so far. It is needless to add that he will be rather careful next time he undertakes to clean a revolver.

On Thursday evening, Mr. Walter Hyde planned and successfully carried out a surprise on her husband in honor of his birthday. The Meredosa Concert band of which he is a member was invited to their home and almost the entire number was permitted to attend. To say that Walter was surprised does not half express the look on his face at their arrival. After an evening's pleasure delicious refreshments were served. As the band was returning to their homes it was decided to visit the Methodist parsonage and serenade the newly weds, Mr. and Mrs. Thomas Simpkins of Griggsville who were visitors there at this time and who highly appreciated the honor bestowed them.

Our schools were closed Thursday and Friday on account of the Teachers' Institute at Jacksonville.

CONSERVATORY NOTES

A piano recital will be given next Tuesday evening, April 27th, in Recital Hall, by Miss Bertha Gordon, and Miss Helen Sorrels, violinist. The program will be published later. The public is cordially invited to attend. Miss Fern Haigh will also sing a group of songs.

The graduation recitals will take place early in May, in Northminster Church. There is a large number of students this year who receive either a Teacher's Certificate or a Diploma.

Mr. Dean Cochran is giving a program of violin selections in Vandalia, Ill., during the Easter recess.

Mary Daniels will play at the meeting of the Monday Musical, of Petersburg, on Monday, April 24th.

Mr. Munger expects to go to Chicago on Friday evening, April 28th, and will attend performances of the Boston Grand Opera while there.

There will be a students' recital next Friday afternoon, April 28th, in Recital Hall, at four o'clock. The public is invited.

Mrs. Hackett Wilder is singing at Centenary Church Sunday afternoon, April 23rd. Beatrice Dye will play at the receptions given at Rev. M. J. Pontius' residence Monday evening, April 24th.

Miss Rebecca Scheibel will take the position of head of the voice department and the department of public speaking in Lincoln College, Lincoln, Ill., next September.

The girls of Academy Hall are rehearsing two plays, to be presented in Recital Hall on Monday evening, May the first. The first play is to be "The Winning of Elinor," a Japanese play by Miss Eunice T. Gray (head of Academy Hall) and the second, "The Faraway Princess," a charming poetical sketch by Herman Sodermann. Miss Elson Barnes is assisting with the stage arrangements and coaching.

TELLA AILEEN ATOR CELEBRATES EIGHTH BIRTHDAY

Mrs. Ashford Ator, assisted by her mother and sister, Mrs. J. H. Abernathy and Miss Eva, entertained Thursday afternoon at the beautiful home of the latter two and one half miles east of Concord in honor of her daughter, Trella Aileen, who yesterday celebrated her eighth birthday. During the afternoon elegant refreshments were served, the decorations being in keeping with Easter, the prevailing colors pink and white. Trella was kindly remembered by many gifts from her little friends. The beautiful flowers also gave her much pleasure. After several hours spent in amusements of various kinds her little guests departed wishing her many more happy birthdays. Among the guests were Therese Horn, Mildred Ham, Ruth Yeck, Mabel Yeck, Mae Johnson, Gertrude Loughary, and Harold Ham of Concord, Marie Schall, Mabel Standley, Hester Ham, Mabel Ham, Dwight Abernathy, Wilbur Abernathy and Floyd Ator of neighborhood vicinity, being chaperoned by Mrs. Ham and Mrs. Earl Abernathy.

CANADA CELEBRATES ST. GEORGE'S DAY.

Monreal, April 22.—St. George's day is being celebrated in Canada this year in an unusual way, with a "flag day" and demonstration in honor of England, and in memory of those who have lost their lives in defense of the empire. The celebration is under way today, on the first anniversary of the battle of St. Julien, in which the Canadian contingent distinguished itself at the front. Similar observances are being held throughout the Dominion.

Mr. and Mrs. F. J. Miller of Goldconda were visitors in the city Saturday on their way to Kansas City where they will be guests of Mrs. Miller's mother, Mrs. J. H. Miner.

MISS MIRIAM RUTH COLLINS WEDS MR. FRANK J. FEELY

Ceremony at Home of Mayor Rodgers
Saturday Afternoon—Will Reside
in Chicago, Where Groom is
Teacher.

The wedding of Miss Miriam Ruth Collins and Mr. Frank J. Feely of Chicago took place Saturday afternoon at 4 o'clock at the home of Mayor H. J. Rodgers, 322 South Diamond street. The service was read by the Rev. L. L. Hammitt of Berwyn, Ill., who made use of the ring ceremony. Mrs. Hammitt played the wedding march from Lohengrin and Rebecca Hammitt, little daughter of the minister, was ring bearer. This bride was attired in a handsome gown of white. The young people were unattended.

The bride is the daughter of Supt. and Mrs. Charles E. Collins and is a graduate of Illinois college. Her residence in Jacksonville has been but short, she has by her frank manner and winsome grace built up a circle of friendship both true and enduring. Miss Collins was last year president of Gamma Delta society and was noted for her loyalty and spirit in all activities of college life.

Mr. Feely is a teacher in the Nicholas Penn high school of Chicago and is a young man of industry and degree of ability which gives every promise of continued success in his chosen work. He and his bride will reside in Chicago, and at the conclusion of a brief wedding journey will have residence at St. Charles Apartments, Kedvale avenue and Irving park boulevard.

Before reaching Chicago Mr. and Mrs. Feely expect to make a short stay in Champaign.

After the ceremony a wedding supper for the relatives and friends present was served at the Rodgers home. A pink and white color idea was carried out and on the dining table sweet peas were used. Spring flowers were used in the rooms, with apple blossoms predominating. The bride was the recipient of many handsome gifts.

The guest list included Mr. and Mrs. Harry W. Vincent, Berwyn, Ill.; Mrs. J. S. Collins, Mrs. C. A. Steinmeyer and Miss Martha Jane Bell, Carlinville; Elmer S. Small, Oak Park; the Rev. and Mrs. L. L. Hammitt and daughter Rebecca, Berwyn; Miss Mildred Waller, Miss Maude Collins, Lester Collins, Mrs. Charles H. Smith, Glen Smith and Miss Dorothy Brock, Greenfield; Miss Madeleine Dams, Chesterfield; Mrs. Minnie Rontzahn, Girard; Miss Margaret E. Williams and Miss Eleanor J. Lovely, Chicago; Miss Pauline Gleason, Sycamore; J. Howard Cyrus, Watska; Henry J. Rodgers, H. Jay Rodgers, Miss Faye L. Rodgers, Misses Stella and Edith Rodgers, Misses Hazel and Ida Widmayer, Mr. and Mrs. Lloyd Wells, Mr. and Mrs. Truman Carter, Catherine DeMotte Carter, Mrs. Lillian I. Danks, Mrs. J. W. Waller, Mr. and Mrs. Ellsworth Wells, Rev. and Mrs. Frederic B. Madden, William Hudson, Mrs. S. A. Hughes, Dr. L. H. Clampt, P. E. S. Brewer, Earl H. Pond, Paul E. Morrison, W. H. Perry Huber, Miss Isabel S. Smith, Ewen I. Whitlock, Miss Aileen Fitch, Miss Stella Lenore Cole, Miss Frances Marie Scott and Miss Helen Doying.

J. W. Lane is showing an extensive line of bags, suit cases and trunks.

WINCHESTER

The Misses Martha Carey, Grace Lashmet and Margaret Metzger arrived Friday night from St. Louis to spend Easter vacation.

Rev. W. W. Wharton of Roodhouse was a Saturday caller here.

Miss Grace Wetzel left Saturday to spend a few days at her home in Canton.

Clyde North arrived home from Champaign Friday night to spend Easter.

Miss Freda Munz arrived Saturday from Macomb to visit relatives.

Oswald Coultas and family of Chapin arrived Saturday afternoon to visit his parents, Mr. and Mrs. R. H. Coultas.

The final examinations for Scott county was held in the grade building Saturday by County Superintendent John Ward, assisted by fourteen of the county teachers. Forty-nine pupils took the examination.

Miss Bertha Nieman arrived Saturday from Macomb to spend a week with relatives. Her sister, Miss Anna, who has been teaching at Naples, joined her at Chapin.

The union revival services, which have been in progress at the various churches of this place for the past three or four weeks, will be brought to a close at the meeting at the Methodist church this evening. During the revival a number of converts have been made, and at the services at the different churches this morning, it is expected that a number of additions to the congregations of the city will be made.

PETITION FOR REAL ESTATE SALE AUTHORIZED IN DAVIES ESTATE

Appellate Court Handed Down Decision Upholding Finding of the Lower Court—Petition Has no Bearing on Other Davies Estate Suits.

Another chapter has been written in the estate of Llewellyn Davies, deceased, by order of the appellate court affirming the decree of the lower court in which an order was made for the sale of real estate to pay debts. The petition to sell the real estate was filed in the March term of the county court by attorneys for A. C. Rice, administrator of the Llewellyn Davies estate.

It was shown in this petition that he was appointed December 6, 1912, and that a proper account of the personal property and debts of the deceased had been filed and approved by the court. It was shown that the personal estate of Llewellyn Davies amounted to \$1,550.21 in addition to certain shares of mining stock of doubtful value, which the petitioner has been unable to convert into money. It was stated that the claims against the estate amounted to \$6,803.07. Mention was made in the petition that a claim had been filed against the estate by Thomas D. Manchester, conservator of Thomas J. Manchester, an insane person; Mary E. Swain, James G. Manchester, Beulah Johnson and Ivan Garner, who claimed to be the heirs of Louise Manchester Davies, for the sum of \$50,000.

Petition Shows Estate Finances.
According to the petition, in addition to the personal estate rentals amounting to about \$2,000 had been paid to the petitioner and certain claims had also been paid, leaving a balance on hand of \$1,112.94. The petition set forth also that the amount needed to pay the deficiency of debts and the cost of administration would be \$4,125.76, and that if the petitioner was not allowed to apply for the payment of debts that the deficiency would be \$5,356.37. Mr. Davies died possessed of a large amount of real estate and the authority of the court was asked for the sale of eighty acres. After hearing all the evidence the petition was allowed and then an appeal was filed in the appellate court and it is on this appeal that court decision has just been returned.

The Manchester Claim.
The finding on the petition will have no special bearing on the whole Davies case. It will be remembered that subsequent to the death of Mr. Davies that a partition suit was filed by his heirs here seeking a division of the property. Subsequently the children of a former wife living in England entered their claims and the estate was further complicated by the Manchester claim for \$50,000, which was based upon the allegation that Lofisia Manchester Davies was not legally married to Mr. Davies and that he had acquired the larger part of his property by her death. This claim has never come to a final hearing.

In the partition case the master in chancery found both for the heirs here and those in England, deciding that they were all entitled to share in the estate. No distribution has been attempted as the case was tied up on account of the appeal which has just been decided by the appellate court. When the petition for sale of real estate was filed in the county court here service was secured by publication. Afterward the non-resident heirs by their attorneys claimed that insufficient notice had been given and asked that the order for the sale of real estate be set aside. The court decided against them and when the appeal was taken, Kirby Wilson & Brockhouse, Bellatti, Bellatti & Moriarty, and J. P. Lippincott represented the petitioner. Other attorneys interested in the Davies case are Judge M. T. Layman, William N. Hairgrove and Neiger and Gordley of Virginia.

Note in Hands of Kaiser.

Berlin, April 22.—via London.—The American note to Germany on the submarine issue is now in the hands of Emperor William, Chancellor Von Bethmann-Hollweg and General Von Falkenhayn, chief of the general staff at general headquarters.

Following the lead of morning papers in preparing the public as gently as possible for the American note the Zeitung Am Mittag, in explaining the delay in publication as due to the length of the note and the difficulty of translation, declares:

"It will not electrify Germany as it is said to have electrified America. Germany has been willing to go to the most extreme limit to meet the United States ever since the American government has sought to restrict, even to make effective, Germany's weapon of necessity. We have, as has been proved a thousand times to every thinking man, so far guarded the interests of all neutrals that not an inconsiderable conflict of opinion has arisen among us."

"To the last man, however, the German people are united in the firm resolve not to let the submarine be wrenched from our hand as a weapon. We need it because it has shown itself to be an effective weapon. We use it according to the principle of justice and humanity always invoked in the American notes and we will use it in the future because our right and our human consideration for our existence as a state and the future of our wives and children compel us. Therefore we await with calmness and determination what President Wilson again has to say."

GRIGGSVILLE CONTEST IN DECLAMATION HELD.

Miss Lucille Northrup was winner of the contest in declamation, held Friday evening at Griggsville high school and will represent the school in the Illinois Valley meet next Friday. Her selection was "Angel's Wickedness."

Two of the judges were from Jacksonville, Miss Anne Floreth and Miss Lavina Jones, expression students at the Woman's College. Miss Huff of Pittsfield was the third judge.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentinel Remedies Company 503 Union Central Building, Cincinnati, Oh.

WILLIAM N. HAIRGROVE IS NOW MORGAN COUNTY STATES ATTORNEY

Well Known Lawyer Appointed Saturday to Fill Vacancy Caused by Death of Robert Tilton.

The board of county commissioners at a session held Saturday appointed William N. Hairgrove as state's attorney to fill the vacancy caused by the recent death of Robert Tilton. Mr. Hairgrove will fill out the unexpired term of Mr. Tilton and will serve until his successor is elected and qualifies. This will mean that the appointee's term of office will extend to December 1, 1916. The salary of the state's attorney is now fixed by law and is \$3,500 a year. The commissioners cast three ballots. In the first ballot one each was given for W. W. Wright, J. O. Priest and W. N. Hairgrove, and in the third ballot Mr. Hairgrove received two votes and was declared the choice. Before this decision was reached Mr. Hairgrove appeared before the commissioners and made a statement that if he received the appointment he would not be a candidate for reelection in November. The various Democratic aspirants for the position had a feeling that any attorney appointed to the position for the unexpired term would have an advantage in the primary election in September. Therefore there was considerable interest in the matter and it looks as if the commissioners had decided upon that they would prefer to appoint someone who would not be a candidate and thus leave the chances more equal in the primary.

Mr. Hairgrove has never held a county elective office. He is an attorney of large experience especially in criminal cases, and is wholly qualified for the position which he is to assume. It is understood that within a comparatively few days he will take up the cases pending on the county court docket.

Northminster Presbyterian church—A special program has been prepared for all the services of the day. There will be special Easter music at the morning service. There will be no regular sermon, but the time will be given to the reception of new members and infant baptism. About fifty will be received into the church and about the same number of infants baptized. This will be a scene never witnessed in Jacksonville before and probably not in the state. A picture of all the babies will be taken at the close of the morning service. The Lord's supper will be celebrated at the morning hour. The special revival services have been a great success. Fifty or more have given their names for church membership. Sunday school at 9:30 a. m. Christian Endeavor at 6:30 p. m. Prayer meeting Wednesday evening. TOWNSHIP TRUSTEES TO MEET SOON AND FIX SCHOOL DISTRICT

Petitions Are Circulated For Three Women Who Will Seek Election—Copy of Court Order Received.

The interest in the coming school election, altho this election has not been called, grows apace. While many persons have been mentioned as possible candidates, so far as known but three have already begun circulation of petitions. They are Mrs. Mabel Vannier, who will seek election for one year; Mrs. E. C. Carpenter, who will seek election for two years, and Mrs. J. H. Danskin, who will seek election for three years. As previously stated, in order for candidates to have their names appear on the ballot when prepared, petitions must be circulated and filed bearing the signature of fifty voters of the school district.

Saturday the trustees of the township, W. A. Crawley, Frank Wingler and C. E. James, received from the clerk of the supreme court a copy of the order made in the case, setting forth that mandamus shall issue as prayed for. E. M. Dunlap, treasurer of the district, said that the trustees had as yet not determined when they would meet to fix the boundaries of the district but that this meeting would doubtless be held at an early date this week. The trustees simply wish to familiarize themselves with the law and to be certain that they are carrying out the order of the petition asking that they take the proper steps to have the schools pass under the general law.

EGG SHIPMENTS FROM CITY NOW REACH BIG FIGURE.

Eight to Ten Car Loads Now Go Weekly to Eastern Markets.

The hen is a very humble part of the economy of nature; she does make some little noise over her accomplishments but still she is insignificant when taken alone but when the efforts of all are put together they amount to a great deal.

G. L. Riggs, the manager of the local branch of Hatfield's poultry houses, says his house ships from three to five car loads of eggs a week, principally to Boston and New York. Mr. Riggs says the law is strict now regarding the quality and care must be taken to see that the egg is in good condition.

Swift & Co. ship three to five cars weekly and Mr. Frye ships about a car load a week. There are 12,000 dozen eggs in a car load so that one can easily compute the amount sent out of the city at this season of the year. There is no way to get at the number used in and near Jacksonville but it is considerable. The cash value of this product is great and it is always ready money. Truly the hen is not to be despised.

WE HAVE THEM ALL. THERE ARE THREE THINGS ESSENTIAL IN SATISFACTORY SHOES: QUALITY, STYLE, FIT. OUR SHOES POSSESS THE QUALITY AND STYLE AND WE SEE THAT THEY FIT BEFORE THEY LEAVE THE STORE. ALL NEW STYLES AND COLORS; GREAT VARIETY.

JANVR N OF RED SOX TOPS ALL BATTERS OF MAJOR LEAGUE

Has Startling Percentage of .800—Burns, Mollwitz and Butler Have Averages of .500.

Chicago, April 22.—The usual early season high batting averages prevail in the first week of the major league season, according to figures published here today and including games last Wednesday. Janvrin of the Boston Americans tops all hitters with the startling percentage of .800. In the National league, George Burns, New York; Mollwitz, Cincinnati and Butler, St. Louis have averages of .500.

Hal Chase ranks fourth in the National league with a percentage of .455, is tied with Carey of Pittsburgh, for the lead in stolen bases with four, and with Saier, Chicago and Merkle, New York, for the lead in home runs with one. Following Chase, the batter making up the list of "three-thirty-three" hitters are: Gonzales, St. Louis, .429; Comp-ton, Boston, .429; Cutsaw, Brooklyn, .417; Daubert Brooklyn, .400; Clarke, Cincinnati, .400; Whitted, Philadelphia, .385; Doyle, New York champion last year, .385; Mege, Boston, .375; Niehoff, Philadelphia, .375; Hinchman, Pittsburgh, .364; Konetchy, Boston; Kauff New York; Rariden, New York; and Baird, of Pittsburgh, .353; Heins Grou, Cincinnati, leads in runs scored with six and is tied with Whitted, Philadelphia, in total bases at twelve.

National league pitchers are led by Alexander, Philadelphia, with two games won and none lost and Schneider, St. Louis, with the same record.

Ty Cobb evidently has not struck his stride for he is far below the .333 class, having hit for only .231. Following Janvrin in the ".333" class are Speaker, Cleveland, .474; Henriksen, Boston, .429; Geddon, New York, .429; Baker, New York, .385; Pratt St. Louis, .360; Hob-litzel, Boston, .353; Schalk, Chicago, .346; Heilman, Detroit, .346; Jackson, Chicago, .333; Burns, Detroit, .333.

Felsch, Chicago; Sisler, St. Louis, Shorten, Boston and Milan, Washington, lead in home runs with one each; Toolin, St. Louis; Gardner, Boston and Baker, New York, are ahead in stolen bases with three apiece; Heilman, Detroit and Veach, Detroit, lead in total bases with eighteen. Jackson, Chicago, with seven, has scored the most runs.

American league pitchers credited with two wins and no defeats are: Faber, Chicago and Ruth, Boston.

The ten leading batters in the Southern Association are: Kaufman, Nashville, .556; Coombs, Birmingham, .500; Lee, Nashville, .474; Walsh, Memphis, .471; Blahn, New Orleans, .467; Lennoz, Atlanta, .462; Kores Nashville, .457; Edmonson, New Orleans, .455; Paul-ette, Memphis, .400; Knaupp, New Orleans, .400.

Hyatt, Chattanooga and Paulette are leaders in home runs with one each; Stark Memphis and Lee, Nashville, are ahead in stolen bases with three each; Paulette also leads in total bases with thirteen and Wash of Memphis has scored most runs, seven.

APPELLATE COURT FINDING

In the appellate court a decision has been made in the case of Hail et al vs. Dyer et al. This case was taken to Springfield from an appeal from the county court here where an order was entered for the sale of real estate to pay debts. The decision of the county court was affirmed. Another case upon which action was taken was that of Cohen et al vs. H. H. Deveraux, an appeal from the circuit court. The higher court affirmed the opinion of the lower court that the complainants were not entitled to an accounting. J. Marshall Miller represented Mr. Deveraux.

WAGE COMPARISONS FROM THE RAILROAD STANDPOINT

Supt. Brown of the Wabash Indicates How Comparison of Hod Carriers and Conductors is Unfair.

Division Supt. Brown, of the Wabash R. R., was in the city Saturday, and in talking of the demand for an eight hours day by railroad employees said:

"A statement recently issued by the Transportation Brotherhood's Publicity Bureau, objecting to the figures given out by the railways, showing the wages received by train employees, makes a comparison between the wages of hod-carriers and those of conductors. It says: 'A hod-carrier receives \$4.50 for eight hours—or about 50 cents an hour. The highest paid train conductor receives 55 cents an hour. If the hod carrier worked as many hours as the railway conductor he would draw a larger salary and could then be named by the railways as the aristocrats of the labor world.' As a matter of fact, actual pay-rolls of the roads show that many train conductors receive more than \$1.00 for each hour they work and that if the hod-carrier worked as few hours a day as some conductors he would earn only half of a day's pay, where as the conductor is guaranteed a day's pay if he works at all."

"Conductors are paid mainly on a mileage basis and if they are working on a fast train frequently earn a day's pay or considerably more than a day's pay in a very few hours. The higher rates and the shorter hours are in the passenger service, which is not involved in the demands made by the brotherhoods, but the freight men may have their pay increased by promotion into the passenger service, and, moreover, freight conductors can earn, under certain conditions, as much per hour as passenger conductors."

"The rate of 55 cents an hour cited is undoubtedly based on the rate per day of the schedules, but there are merely minimum rates, which are increased by various incidental allowances, and on the faster trains the earnings per hour on duty are considerably higher than the schedule rates would indicate."
